MISSION
To prepare Kansas students for lifelong success through rigorous, quality academic instruction, career training and character development according to each student’s gifts and talents.

VISION
Kansas leads the world in the success of each student.

MOTTO
Kansans Can

SUCCESS DEFINED
A successful Kansas high school graduate has the
• Academic preparation,
• Cognitive preparation,
• Technical skills,
• Employability skills and
• Civic engagement
to be successful in postsecondary education, in the attainment of an industry recognized certification or in the workforce, without the need for remediation.

OUTCOMES
• Social-emotional growth
• Kindergarten readiness
• Individual Plan of Study
• Civic engagement
• Academically prepared for postsecondary
• High school graduation
• Postsecondary success

Kansa leads the world in the success of each student.

ESSA Building Level Expenditures

Introduction

S. Craig Neuenswander
Deputy Commissioner
Division of Fiscal & Administrative Services
Kansas State Department of Education
cneuenswander@ksde.org

Dale Brungardt
Director, School Finance
Division of Fiscal & Administrative Services
Kansas State Department of Education
dbrungardt@ksde.org

On December 10, 2015, President Obama signed into law Every Student Succeeds Act (ESSA), which reauthorizes the Elementary and Secondary Education Act of 1965 (ESEA). This latest update revises provisions in the No Child Left Behind Act of 2001 and includes many reforms that return flexibility to the State while maintaining accountability for the success of all children. ESSA is designed to ensure that all students have a significant opportunity to a fair, equitable, high-quality education and educational achievement gaps are closed.

One of the requirements is that each State Report Card is required to include a per pupil breakdown of Total Current Expenditures, Federal Expenditures and State & Local Expenditures for each school in every local education agency in Kansas for the preceding fiscal year. Expenditures reported are posted on KSDE’s Data Central within the District Report Card and also in the Accountability Reports per K.S.A. 72-5178.

The purpose of this document is to provide guidance to all LEAs for purposes of determining the cost of educating a child. The methodology described herein was developed in consultation with several Local Education Agencies to ensure consistency in building level expenditure reporting.

Per-pupil expenditure calculations provide a high-level analysis of the disparity between schools and districts, and conditions may vary based on geographic location, differences in wages and benefits, square miles, age of buildings, etc.
**Change School Year**

Click **Create New Report for 2023** to start the report for the 2022-2023 school year.

Once you have created your report for the current school year, the Change School Year link on the left-hand menu will bring you back to this screen and you should now see the current school year listed at the top of your list.

The status column will tell you the status of the report. All prior years will show ‘Submitted’. The current year will state “Submitted” if submitted, or “In Progress” if it has not been submitted.

Click **Select** next to any year to view that year’s report. Once you click on the specific year, you may go to the **Print Report** screen to generate a PDF of that year’s report.

**Administrative Data**

Enter the contact information for the person most knowledgeable of the data entered on this report.
ESSA Building Level Expenditures

Section 1111(h)(2)(c): States and LEAs are required to annually report on the State and LEA report cards the per-pupil expenditures of Federal, State, and local funds, including actual personnel expenditures and actual non-personnel expenditures of Federal, State, and local funds, disaggregated by source of funds, for each LEA and each school in the State for the preceding fiscal year.

Federal Regulation § 200.35 (c) states the following: Uniform procedures. A State must develop a single statewide procedure to calculate LEA current expenditures per pupil and a single statewide procedure to calculate school-level current expenditures per pupil.

You will need to submit Current Expenditures and Federal Expenditures for each building. Click Edit next to each building so you can enter expenditures for that building.

Audited FTE Enrollment

Within the ESSA Building Expenditures web form, you will see each school building and the central office building listed for your district. The audited FTE (Full-Time Equivalency) enrollment shown is of students regularly enrolled and attending on 9/20 and 2/20 counts as submitted in KIDS ENRL Collection. This FTE is based on funding and includes Preschool-Aged At-Risk (3yr old and 4yr old) and Virtual. Non-funded preschool-aged students, Juvenile Detention Centers, PRTF and Flint Hills Job Corps are excluded.

KIDS ENRL records where D17 is “1” are counted as virtual students for funding purposes. Only students attending KSDE approved virtual schools and programs will be counted. FTE for Virtual students 19 and under will be limited to 360 minutes and is computed based on minutes enrolled (to the nearest tenth).

Virtual Adult (20 and over) FTE: The FTE for Virtual students 20 and over is computed by KIDS based on 360 minutes (1.0 FTE) REGARDLESS of the actual minutes they attend. Therefore, the KIDS computed FTE for Virtual students 20 and over will be subtracted, then Virtual Adult Credits will be converted to FTE (total credits divided by 6) and added back into the KSDE approved Virtual school.

Virtual Dropout (19 and under) FTE (new for 2023): They are not included in the KIDS computed FTE for full-time or part-time, therefore, no subtraction is needed. However, Virtual Dropout Credits will be converted to FTE (total credits divided by 6) and added back into the KSDE approved Virtual school.

Note: The Central Office building FTE is the sum of all buildings PLUS any student enrolled at the Central Office. Therefore, it will not always be the sum of all buildings. In addition, if the district does not have an approved Virtual school, the adjusted Virtual FTE (Adult Credits and Dropout Credits) will be assigned to the Central Office Building and included only in the district total.

Total Current Expenditures

Current expenditures are expenses for the day-to-day operation of schools. They include expenditures for staff salaries and benefits, supplies and purchased services.

Note: The Current Expenditures field in the ESSA Report is the TOTAL Current Expenditures for the building. Therefore, should include all Federal Current Expenditures and all State & Local Current Expenditures.
Included Expenditures

Expenditures in all object codes in the following functions and funds should be included unless specifically stated to exclude.

Note: Fund, Function and Object Code numbers listed below are based on the Fund, Function and Object Code numbers used in the USD Budget and Kansas Accounting Handbook and may not be the same numbers used in your USD accounting system.

- 06 – General
- 07 – Federal Funds
- 08 – Supplemental General (LOB)
- 11 – Preschool-Aged At-Risk
- 13 – At-Risk (K-12)
- 14 – Bilingual Education
- 15 – Virtual Education
- 16 – Capital Outlay
- 18 – Driver Training
- 22 – Extraordinary School Program
- 24 – Food Service
- 26 – Professional Development
- 28 – Parent Education Program
- 29 – Summer School
- 30 – Special Education
- 33 – Cost of Living
- 34 – Career & Postsecondary Education
- 35 – Gifts & Grants
- 42 – Special Liability Expense
- 44 – School Retirement
- 45 – Extraordinary Growth Facility
- 51 – KPERS Special Retirement Contribution
- 53 – Contingency Reserve
- 55 – Textbook & Student Material Revolving
- 56 – Activity Funds
- 66 – No Fund Warrant
- 67 – Special Assessment
- 68 – Temporary Note
- 78 – Special Education Coop (only sponsoring USDs member portion of federal funds) – see Special Education section below for clarification.
## Included Expenditures

<table>
<thead>
<tr>
<th>Term</th>
<th>Meaning</th>
</tr>
</thead>
<tbody>
<tr>
<td>Instruction (Function 1000)</td>
<td>For activities related to the interaction between teachers and students. Includes salaries and benefits for teachers and teacher aides, textbooks, supplies and purchases services.</td>
</tr>
<tr>
<td>Student Support Services (Function 2100)</td>
<td>For activities designed to assess and improve the well-being of students and to supplement the teaching process. Includes salaries and benefits for: nurses, guidance counselors, social workers, speech pathologists, audiologists, attendance officers, and supplies and purchased services related to those professions.</td>
</tr>
<tr>
<td>Instruction Support Services (Function 2200)</td>
<td>For activities associated with assisting the instructional staff with the content and process of providing learning experiences for students. Includes salaries and benefits for: librarians and library aides, in-service teacher trainers, curriculum development, student assessment, technology (for students but outside the classroom), and supplies and purchased services related to those professions.</td>
</tr>
<tr>
<td>General Administration/ Central Services Support Services (Function 2300/2500)</td>
<td>For activities concerned with establishing and administering policy for operating the school district. This includes salaries and benefits for the superintendent and Board of Education and their immediate staff; LEA planners/researchers, fiscal services, etc. Note: Only report within the Central Office. Do NOT report within school buildings. Exclude: Equipment (700).</td>
</tr>
<tr>
<td>School Administration Support Services (Function 2400)</td>
<td>For activities concerned with overall administrative responsibility for a school. This includes salaries and benefits for the principal, assistant principals, and other assistants while they supervise all operations of the school. Exclude: Equipment (700).</td>
</tr>
<tr>
<td>Operations and Maintenance (Function 2600)</td>
<td>For the operation and maintenance of schools and school district facilities, keeping the schools open, comfortable, and safe for use and with keeping the grounds, buildings and equipment in working condition and state of repair. This includes salaries and benefits for maintenance personnel, as well as electricity, water, sewer, heating and electricity. Exclude: Repair of Buildings (460) and Equipment (700).</td>
</tr>
</tbody>
</table>
## Included Expenditures

<table>
<thead>
<tr>

<th>Meaning</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Student Transportation</strong></td>
<td>For activities concerned with conveying students to and from school, as provided by state and federal law. This includes regular route (to and from school), school activity routes and special education routes. This includes salaries and benefits for vehicle operations (drivers), supervising students (paras), monitoring services (supervising students while loading and unloading), and vehicle servicing and maintenance (replacing vehicle parts, fueling, inspecting). Exclude: Equipment (700).</td>
</tr>
<tr>
<td><strong>Other Support Services</strong></td>
<td>For activities not classified elsewhere in the 2000 series. Exclude: Equipment (700).</td>
</tr>
<tr>
<td><strong>Food Service Operations</strong></td>
<td>For activities concerned with providing food to students and staff in a school or school districts. This includes salaries and benefits for food service personnel, incidental meals, lunches, or snacks in connection with school activities and food delivery. Exclude: Equipment (700).</td>
</tr>
</tbody>
</table>

Excluded Expenditures

Exclude expenditures for Juvenile Detention Centers, Psychiatric Residential Treatment Facilities and Flint Hills Job Corps at the building or district level. Programs outside the scope of preschool to grade 12 and expenditures for items lasting more than one year (e.g., school buses and computers) are excluded. The following funds and functions are also excluded.

- 10 – Adult Education
- 12 – Adult Supplemental Education
- 33 – Cost of Living
- 45 – Extraordinary Growth Facility
- 47 – Special Reserve
- 62 & 63 – Bond & Interest
- 78 – Special Education Coop (exclude all except sponsoring USDs member portion of federal funds) – see Special Education section below for clarification.
- 80 – Historical Museum
- 82 – Public Library Board
- 83 – Public Library Board Employee Benefits
- 84 – Recreation Commission
- 86 – Recreation Commission Employee Benefits

Excluded Expenditures

<table>
<thead>
<tr>
<th>Term</th>
<th>Meaning</th>
</tr>
</thead>
<tbody>
<tr>
<td>Community Services Operations (Function 3300)</td>
<td>For activities concerned with providing services to the community. <strong>Examples:</strong> offering parental training or operating a community swimming pool, a recreation program for the elderly, or a childcare center for working parents.</td>
</tr>
<tr>
<td>Facilities Acquisition and Construction (Function 4000)</td>
<td>For activities concerned with acquiring land and buildings; remodeling buildings; construction buildings and additions to buildings; initially installing or extending service systems and other built-in equipment; and improving sites.</td>
</tr>
<tr>
<td>Debt Service (Function 5000)</td>
<td>For activities related to servicing the long-term debt of the school district, including payments of both principal and interest, capital lease payments, and other long-term notes. Include Capital Outlays. <strong>Examples:</strong> purchases of land, school construction &amp; repair, and equipment.</td>
</tr>
<tr>
<td>Transfers (Function 5200)</td>
<td>All transfers are excluded (including transfer payments). <strong>Note:</strong> Code 33 and Code 45 expenditures are treated the same as Transfers so not to duplicate expenditures already captured in Code 06 General Fund.</td>
</tr>
</tbody>
</table>
Federal Current Expenditures

Note: Report Federal Current Expenditures in the Federal Expenditures column; they should also be INCLUDED in the Current Expenditures column.

Include all Current Expenditures paid from federal funds (expenditures related to 4000-Federal Aid revenue sources). This includes expenditures for Carl Perkins, Special Education, Food Service, Title programs (exclude expenditures to non-public schools for Title funds or ESSER funds), CARES (ESSER I, ESSER II, ESSER III & ESSER-SPED), SPARKS and other federal grants (REAP, LINK, etc.).

Note: Expenditures made during between July 1, 2022 through June 30, 2023 should be included, even if they weren't reimbursed until after June 30, 2023.

Exclude federal funds intended to replace local tax revenues (e.g., Impact Aid) and Title funds for non-public schools.

State & Local Current Expenditures

Current Expenditures paid from state and local funds (including federal funds) intended to replace local tax revenues (e.g., Impact Aid).

Note: The State & Local expenditures field within the ESSA report is NOT entered by the USD. State & Local expenditures are calculated based on the expenditures entered in the Current Expenditures & Federal Expenditures fields.
Pro-Rating Expenditures

Most building expenditures will be salaries and benefits and should be simple to assign. Other expenditures that clearly occur at the building level should be reported under the appropriate buildings.

- Teachers, Teacher aides and Substitute Teachers Salaries & benefits
- Supplies
- Nurses & Counselors assigned to one building
- Principals and assistant principals
- Building secretaries
- Special Education Teachers assigned to one building
- Title programs

The following recommendations can be used to pro-rate district-wide expenditures to the building level:

**Food Service:** May allocate based on the number of meals served at each building.

**Technology and Curriculum Materials:** May allocate based on the percent of students enrolled at each building.

**Staff Development:** May allocate based on the percent of teachers assigned to each building.

**Custodial Supplies:** May allocate based on the number of square feet within each building.

**Software Licenses:** May allocate based on the number of software licenses issued at each building.

**KPERS:** May allocate based on the percent of staff assigned to each building.

**PAT/Early Childhood:** May allocate based on the percent of students served in these programs at each building.

**Virtual Instruction:** May allocate to the building that is associated with this group of students. If no building is associated, the expenditures should be allocated to the central office building.

---

**Note:** If the Virtual program serves the entire district, then determine the percentage of students enrolled in each building. If a program only serves elementary students, then determine the percentage of students enrolled in each building that serves elementary students (same for middle school and high school).
Special Education

May allocate based on the percent of IEP students served at each building.

- **Member USD (Fund 30):**
  - **State Aid Flow-Through (Object Code 565):** Member USDs receive Special Education State Aid based on the percent the USD contributes toward the Coop/Interlocal/Service Center budget. As a result, the member USD should include Special Education State Aid Flow-Through on their ESSA Building Expenditures report.
  - **Assessment/Local Contribution (Object Code 564):** Federal Aid expenditures provided by the Coop/Interlocal/Service Center to member USDs should be included with in the member USD’s own Total Current Expenditures and Total Current Federal Expenditures on the ESSA Building Expenditures report. Refer to “Sponsoring USD” bullet below.

- **Sponsoring USD (Coop/Interlocal/Service Center):** Federal Aid expenditures within Fund 78 (or Fund 30 Interlocal/Service Center) should be prorated for the member USDs based on the percent of assessment/local contribution. The percent may be found in the “Pct” column on the “Coop_Split” tab of the FY23 Special Education State Aid Printout posted on the Payment Information page of the School Finance website.

---

**Note:** Only report the portion of Federal Aid expenditures for your USD on your ESSA Building Level Expenditures report.
Submit Report

The Submit Report page will display a list of errors categorized into ‘Stop’ and ‘Warnings’. Stop errors must be corrected before you will be allowed to Submit. Warnings should be reviewed and confirmed prior to submitting. Warnings will not prohibit submission.

Once you have ensured all expenditures are correct for all buildings, click Submit Report to submit your report to KSDE.

Print Report

This screen will allow users to print the report. Click Print Section to generate a PDF of the report. You may check the box next to Excel Export then click Print Section if you would prefer the report as an Excel file.
FAQ

1. Why is this report required?

ESSA of 1965: Section 1111(h)(2)(c)

"States and LEAs are required to annually report on the State and LEA report cards the per-pupil expenditures of Federal, State, and local funds, including actual personnel expenditures and actual non-personnel expenditures of Federal, State, and local funds, disaggregated by source of funds, for each LEA and each school in the State for the preceding fiscal year."

2. How is FTE counted?

The aggregate number of students enrolled in preschool through grade 12, including non-graded, to whom the LEA provide free public education enrolled and attending on 9/20/2022 and 2/20/2023. Virtual Credits for Adults (20+ years) and Virtual Credits for Dropouts (19 and under) are converted to FTE (divide by 6) and included in the Virtual School. If no Virtual School, they will be included in the USD total FTE. Please refer to Audited FTE Enrollment on page 8 for more detail.

Exclude: Juvenile Detention Center, PRTF and Flint Hills Job Corp.

3. How and when do you report?

This collection is found within the KSDE Web Applications website under LEA Forms, which opens in early September & due the latter part of September. Each school in the district, including the central office, will be listed. Enter the following information for each building:

- Current Expenditures (Federal Expenditures PLUS State & Local Expenditures)
- Federal Expenditures (All expenditures paid with 4000 Federal Aid revenue sources).

The FTE Enrollment populated reflects audited enrollment for 9/20 and 2/20 of the current year for which the data is being collected.
The application will calculate the per pupil expenditures for each category and the State & Local expenditures (Current Expenditures \textit{MINUS} Federal Expenditures). The majority of building expenditures will be salaries and benefits and should be relatively simple to assign.

\textbf{4. What expenditures are reported?}

\textbf{Current Expenditures:} Comprised of expenditures for the day-to-day operation of schools and LEAs for public elementary and secondary education.

\textbf{Includes:}
- Administration
- Instruction
- Instructional Support
- Student Support Services
- Pupil Transportation services (pro-rated by school building based on students)
- Operation and maintenance of plant (pro-rated by building based on square footage)
- Preschool
- Capital Outlay salaries

\textbf{Excludes:}
- Function 1000, Objects 560, 561 & 562 (Payments to Other School Districts – In-State/Out-of-State)
  - Include ONLY from fund 30 (Special Education)
- Function 3300 Community Services
- All Funds and All Functions – Object Code 700 (Property), which excludes the following (see \textit{Kansas Accounting Handbook}, pages 51-53 for more details):
  - 710 Land & Improvement
    - (711 Athletic Areas, 712 Curbing & Streets, 713 Land, 714 Landscaping, 715 Parking, 716 Playground Improvements, 717 Sidewalks, 719 All Other Improvements)
  - 720 Buildings (Existing Buildings)
  - 730 Equipment
    - (731 Machinery, 732 Vehicles, 733 Furniture & Fixtures, 734 Technology-Related Hardware, 735 Technology-Related Software, 736 Computer & Related Equipment, 738 Instruments, 739 Other Equipment)
  - 740 Infrastructure
  - 790 Depreciation

5. What are reported as Central Office Level Expenditures?

Report only expenditures associated with establishing and administering policy for operating the school district. This would include:

- salaries and benefits for the superintendent and Board of Education and their immediate staff. These expenditures are reported under Function 2300/2500 – General Administration/Central Services.
- Do not include expenditures for 700-equipment/property.

To avoid duplication at the state level, these expenditures are not reported at the building level.

6. What are reported as District Level Expenditures?

- Central Office Staff
- School Board Expenses
- Business Operations (Technology, printing, etc.)
- Each of Subfunctions 2300; 2500; 2900

7. How are district totals reported for Current Expenditures?

Districts are reporting expenditures for all regular buildings and the Central Office (unduplicated expenditures).

- Sum of Total Current Expenditures of all regular buildings plus the Central Office
- Sum of Total Federal Expenditures of all regular buildings plus the Central Office.
- The difference between Total Current Expenditures and Total Federal Expenditures will be Total State/Local Expenditures.

It is important not to duplicate expenditures for the Central Office at the regular school building level. See What are reported as Central Office Level Expenditures? above.

8. What is included as Federal Expenditures (Expenditures related to all 4000 Federal Aid revenue sources)?

- Title (Not Title funds for non-public schools)
- Carl Perkins
- Special Education (Medicaid, CARES Act, Title VI-B, etc.)
- Food Service (Child Nutrition Programs, Other Federal Aid)
- CARES (ESSER I, ESSER II, ESSER-SPED) and SPARKS
- Other Federal Grants (REAP, LINK, etc.)
- NOT Impact Aid (this is considered local)
- NOT Object Codes 700 (All Funds and All Functions)
9. Are Federal Expenditures included in total Current Expenditures?

Yes. Total Current Expenditures should include federal, state and local. Of the total Current Expenditures, districts will report Federal Expenditures and the application will then compute State/Local Expenditures.

10. How are State/Local Expenditures reported?

State/Local Expenditures are computed within the application (Current Expenditures minus Federal Expenditures). Therefore, districts are reporting only Current Expenditures and Federal Expenditures and the rest will be calculated.

11. How to report Special Education?

All districts will report Code 30 expenditures, prorated by the number of IEP students in building.

Special Education Federal Funds can be difficult to interpret. Please read carefully.

- **Stand Alone District:** Already reports Federal Aid in Code 30
- **Cooperative:**
  - Member District will have to receive Federal Aid amount from Sponsoring District/Interlocal/Service Center
  - Sponsoring District - Do Not Report Code 78
- **Interlocal:** Member District will have to receive Federal Aid amount from Interlocal

12. Examples of what & how to prorate?

- **By Student:** Technology, curriculum materials
- **By Teacher:** Staff development
- **By Square Feet:** Custodial Supplies
- **By Building:** Some Software licenses

13. Other Issues

- **KPERS:** Distribute by Staff Member
- **PAT / Early Childhood in a Separate Building:** Prorate to each Elementary by student
- **JDC: PRTF: Flint Hills Job Corp:** Exclude students or revenue
Access

Current Users

If you already have access to KSDE Web Applications, log in and make sure you have “LEA Forms” in your list of Web Applications.

1. Go to the [KSDE Web Applications site](#).
2. Log In and click Accept on the Legal Notice screen.
3. Check to see if you have “LEA Forms” in your list of web applications (it may be a different number on your screen than the number shown in the screen shot below). If you do not, click Manage My Account.
4. If your account has district level access, LEA Forms will be available to add to your current account. Scroll down the list of applications (in alphabetical order), to check the box next to LEA Forms and then select District Administrator.

Note: If you do not see LEA Forms listed here, your account does not have district level access. Please see the [New Users](#) section to register a new account with district level access.

Tip: If you must register for a new username, note what current Web Applications you registered for and the user level of them on your building level account. Then, when you register for your district level account, you can request access to all the web applications you accessed under your building level account as well as LEA Forms. Once approved for access, you should then be able to access all applications under your district level account.

5. Scroll down to the bottom and fill in the three fields under ‘In Case You Forget Your Password’.
6. Click **Submit**. Once this happens, our IT department will email the contact denoted as “Superintendent” on the Directory Updates web application for approval.

7. Once the Superintendent approves the request, our IT department will add the requested application to your account. When complete, they will email you to let you know that you can now access the new application(s) as requested.

8. You will then go to the [KSDE Web Applications](#) site and sign in. You should then see all web applications you requested access to.

---

**Note:** If an application is grey and not linked, that means that the Superintendent has not yet approved you for that specific application.

---

**New Users**

Individuals who do not have access to KSDE web applications will need to register for access.

1. Go to the [KSDE Web Applications](#) site.

2. Click **Register**.

3. Enter in the required information.
   a. Make sure to select your district from the “Organization” drop down list.
   b. Make sure to select **All Buildings** in the “Building” drop down list. This will then populate a list of applications to register for below.

---

**Note:** If you select a specific building instead of ‘All Buildings’, the LEA Forms application will NOT populate in the list of applications.

---

c. Scroll down to check the box next to **LEA Forms** and select **District Administrator** as your user level.

d. If you would like to register for any other applications, please go through and check those as well as selecting the requested user level for each one.

e. Enter a username and password.
Tip: Do not use spaces when entering in your username. When creating your password keep in mind the password requirements shown on the screen. You will need to remember the username, password, security question/answer, and birth date that you entered. KSDE does not store this information for you.

f. Click Submit. Once this happens, our IT department will email the contact denoted as “Superintendent” on the Directory Updates web application for approval.

4. Once the Superintendent approves the request, our IT department will add the requested application to your account. When complete, they will email you to let you know that you can now access the new application as requested.

5. You will then go to the KSDE Web Applications site and sign in with your new username. You should then see all web applications you requested access to.

Tip: If you forget your KSDE web applications password, click Forgot Your Password? on the Authentication screen. Enter your username and a link will be emailed to the email address connected with your username. Click on the link in the email to go to the page where you can reset your password. Keep in mind that KSDE does not know your password, so you are responsible for managing and remembering it.

6. Once you have access to the LEA Forms web application, you should see it in your “My KSDE Web Applications” list after you logging into the KSDE Web Applications site (may be a different number than it is in the screenshot below). Click LEA Forms.

Note: If you still do not have access to the LEA Forms web application after requesting access to the application for a current username or after registering for a new username, please contact our IT Help Desk (helpdesk@ksde.org) at (785) 296-7935.
7. Once you have accessed LEA Forms, click ESSA Building Expenditures Form.
