Access

Current Users

If you already have access to KSDE Web Applications, log in and make sure you have “Interlocal Agreements (D0600’s only)” in your list of Web Applications.

1. Go to the KSDE Web Applications site: https://apps.ksde.org/authentication/login.aspx
2. Log In and click Accept on the Legal Notice screen.
3. Check to see if you have “Interlocal Agreements (D0600’s only)” in your list of web applications (it may be a different number on your screen than the number shown in the screen shot below). If you do not, click Manage My Account.

4. If your account has organization level access, Interlocal Agreements (D0600’s only) will be available to add to your current account. Scroll down the list of applications (in alphabetical order), to check the box next to “Interlocal Agreements (D0600’s only)” and then select District.

Note: If you do not see Interlocal Agreements (D0600’s only) listed here, your account does not have organization level access. Please see the New Users section to register a new account with organization level access.

Tip: If you must register for a new username, note what current Web Applications you registered for and the user level of them on your building level account. Then, when you register for your district level account, you can request access to all the web applications you accessed under your building level account as well as LEA Forms. Once approved for access, you should then be able to access all applications under your district level account.
5. Scroll down to the bottom and fill in the three fields under “In Case You Forget Your Password”.

6. Click **Submit**. Once this happens, our IT department will email the main contact denoted as “Executive Director” or “Director” or “Superintendent” (in that order of hierarchy) on the Directory Updates web application for approval.

7. Once the main contact approves the request, our IT department will add the requested application to your account. When complete, they will email you to let you know that you can now access the new application(s) as requested.

8. You will then go to the **KSDE Web Applications** site and sign in. You should then see all web applications you requested access to.

---

**Note:** If an application is grey and not linked, that means that the main contact has not yet approved you for that specific application.

---

**New Users**

Individuals who do not have access to KSDE web applications will need to register for access.

1. Go to the KSDE Web Applications site: [https://apps.ksde.org/authentication/login.aspx](https://apps.ksde.org/authentication/login.aspx)
2. Click **Register**
3. Enter in the required information.
   a. Make sure to select your district from the “Organization” drop-down list.
   b. Make sure to select All Buildings in the “Building” drop-down list. This will then populate a list of applications to register for below.

Note: If you select a specific building instead of “All Buildings”, the Interlocal Agreements (D0600’s only) application will NOT populate in the list of applications.

Tip: Do not use spaces when entering in your username.

When creating your password keep in mind the password requirements shown on the screen.

You will need to remember the username, password, security question/answer, and birth date that you entered. KSDE does not store this information for you.

c. Scroll down to check the box next to “Interlocal Agreements (D0600’s only)” and select District as your user level.

d. If you would like to register for any other applications, please go through and check those as well as selecting the requested user level for each one.

e. Click Submit. Once this happens, our IT department will email the main contact denoted as “Executive Director” or “Director” or “Superintendent” (in that order of hierarchy) on the Directory Updates web application for approval.
4. Once the main contact approves the request, our IT department will add the requested application to your account. When complete, they will email you to let you know that you can now access the new application as requested.

5. You will then go to the KSDE Web Applications site and sign in with your new username. You should then see all web applications you requested access to.

Tip: If you forget your KSDE web applications password, click on the link that says “Forgot Your Password?” on the Authentication screen. It will then prompt you to supply the answer to a security question, type in your birth date, and enter a new password. If your security question answer and birthday match what you originally entered when you registered, we will activate your new password.

Once you have access to the Interlocal Agreements (D0600's only) web application, you should see it in your “My KSDE Web Applications” list after you logging into the KSDE Web Applications site (may be a different number than it is in the screenshot below). Click Interlocal Agreements (D0600's only).

Note: If you still do not have access to the Interlocal Agreements (D0600's only) web application after requesting access to the application for a current Username or registering for a new username, please contact our IT Help Desk (helpdesk@ksde.org) at (785) 296-7935.
Change School Year

This will be the first screen you will see once you are in the report. Click Create New Report for 2021. This will create the report for the new school year.

Clicking on Change School Year on the left-hand menu on any screen will take you back to this list of all reports. Current year will not show in the list until you create the report for the current year.

The status column will tell you the status of the report. All prior years will show “Submitted”. The current year will state “Submitted” if submitted, or “In Progress” if it has not been submitted yet.

Click Select next to any year to view that year’s report. Once you click on the specific year, you may go to the Print Report screen to generate a PDF of that year’s report.

Tip: You may use the left hand menu to quickly get to a specific page within the report. You may also use the previous and next buttons on the following pages to go the page listed above or below it on the left hand menu:

1. Administrative Data
2. Salaries
3. Certified Staff
4. Services
5. Non-Certified Staff

Administrative Data

Salaries (I)

Salaries, including Supplemental Contracts and Fringe Benefits, of Classroom Teachers and Directors are entered on this page. Do not duplicate supplemental salaries or board paid fringe benefits, as this will skew the computed average salary.

Include certified employees in non-administrative positions who are paid under the same salary schedule as teachers as classroom teachers (i.e. library media specialists and school counselors). Any full-time teacher with a nine-month contract or more is a 1.0 FTE (full time equivalency).

---

**Note:** Salary data submitted on this report is published.

Do **NOT** complete “Total Contracted” column if your district has not completed negotiations. Please email a revised copy of this page when negotiations are complete to Christie Wyckoff (cwyckoff@ksde.org).

---

1. **FTE of Classroom Teachers:** Any full-time teacher with a nine-month contract or more is a 1.0 FTE.

2. **Classroom Teacher Salaries & Fringe Benefits:** Fringe benefits (employee reduction) include benefits received by employees under a Section 125 Salary Reduction Agreement. 
   *Exclude: board paid fringe benefits, social security, workers’ compensation, and employment insurance.*

3. **Supplemental Teacher Salaries & Summer School Pay:** Any salary paid to a teacher outside of their contract including summer school pay.

4. **Teachers’ Board Paid Fringe Benefits:** Board paid fringe benefits (employer paid) include group life, group health, disability income, accidental death and dismemberment, hospital surgical, and/or medical expense insurance. 
   *Exclude: benefits received by employees under a Section 125 salary reduction plan, social security, workers’ compensation, and employment insurance.*

5. **Estimated Average % Change in Teacher Salaries & Fringe Benefits:** Please enter the percent of change you estimate from the prior school year to this school year.

6. **Directors’ Total Salary:** This includes supplemental salary and fringe benefits (employee reduction and board paid). Enter total salary even if the Director may serve part-time in another capacity.

After you have corrected all Stop errors the “Submit Report” button should appear. Once you have double checked all warning errors, click Submit Report to submit your data to KSDE.
