Local Effort for State Foundation Aid and General Fund Budget Authority

Accuracy on this form is EXTREMELY important as this affects your final General Fund budget authority and it will be used to compute your Final State Foundation Aid payment.

Ad valorem property tax is no longer applicable as the 20 mills generated shall be remitted to the State Treasurer and redistributed as stat foundation state aid. Report only revenue deposited in the General Fund. The June 5th distribution shall be included in the “actual” amount reported. All figures should be rounded to the nearest whole number; do not enter comma or decimals.

- Federal Reservoir Flood Control payments should be deposited to any categorical fund as Other Local Revenue, most commonly deposited to Capital Outlay.
- Reimbursements should not be reported as Miscellaneous Revenue. The General Fund budget authority can be spent in excess of the reimbursed amount.

Effective July 1, 2014 (2014-15 school year) KSA 72-5142 states proceeds from the taxes levied under the 20 mills by a school district shall be remitted to the State Treasurer. Such remittance shall be redistributed as state general aid. For this reason, districts will not have any local property tax to report.

Note: Due to the 20 Mill Levy being remitted to the State Treasurer, it will not be uncommon to report zero for lines #1 through #5.
1. 6/30/2022 Unencumbered cash balance should agree with the CPA audit.

2. Student Tuition - Actual student tuition including all fees charged.

3. Miscellaneous Revenue - Watercraft Tax and In Lieu of Taxes IRBs/Rental Excise should have been remitted with the 20 mills. If your county distributed to you directly, this should be reported as “Miscellaneous Revenue” on Line #3, otherwise report as zero.

4. Mineral Production Tax - May alternately be called severance tax, includes oil and gas.

5. Federal Impact Aid (PL-382) - NO LONGER APPLICABLE.

CTE Transportation Aid

Beginning with 2022-2023 school year, funding was made available thru the State Department of Education to reimburse school districts for transporting 11th and 12th grade pupils attending Career & Technical programs/courses at community colleges/technical colleges.

This applies only to transportation provided by school districts. Do not include mileage for students that chose to drive their own vehicle.

Total miles should be reported based on round trip(s) from regular school of attendance to the community college/technical college, reported separately for each vehicle/bus type, for the entire school year. Mileage reimbursement rates will vary based upon the vehicle type. School Bus types can be found on the HELP screen once logged into the Local Effort form.

(Example: 37.3 miles round trip times 186 days transported = 6,937.8 total number of miles)

This payment is anticipated to deposit in mid-June and shall be deposited in the Vocational Education fund (Code 34) as revenue source code 3225 CTE Transportation State Aid
