4. If your account has district level access, LEA Forms will be available to add to your current account. Scroll down the list of applications (in alphabetical order), to check the box next to LEA Forms and then select District Administrator.

Note: If you do not see LEA Forms listed here, your account does not have district level access. Please see the New Users section to register a new account with district level access.

Tip: If you must register for a new username, note what current Web Applications you are registered for on your current building level account as well as the user level. Then, when you register for your district level account, you can request access to all the web applications you had access to under your building level account as well as LEA Forms. Administrative Data

The first screen users will see is the Administrative Data Screen. District data populates from the Directory Updates Web Application, Central Office page. If any of that information is incorrect, you will need to update in the Directory Updates web application.

Users are required to enter contact information for this form, including name, position, and phone number of the person completing the form. Once entered, click Save, then click Next Screen to proceed.

Tip: You should not use the “Refresh,” “Back,” or “Forward” browser buttons with the Mill Rate Form. There are menus/buttons on every page for easy navigation to other screens.
Mill Rate Form

This screen lists all levy funds, in addition to the fund number and Budgeted Rates as certified on the current year's USD Budget (code 99). Enter the “Final Rate” for each applicable fund as certified by the County Clerk of your home county.

Note: Your districts Home County is displayed right above the mill rate table.

Do **NOT** enter the mill rates from the “budgeted” column into the “final rate” column. The intent on showing budgeted rates are for reference only.

The County Clerk should certify the final mill rates to your office in November. If you do not receive them, please contact the County Clerk of your Home County.

Once you have entered your rates, click **Save**.

There may be an error list as shown below. You must correct these errors before you can save this screen. Click **Previous Screen** or **Next Screen** to navigate through the form.

Capital Outlay

Per **K.S.A 72-53.113**, Capital Outlay cannot exceed 8,000 mills. If the County Clerk certifies it at more than 8,000 mills, please notify the County Clerk of the error.
Submit Report (Results of Completeness Check)

Paying close attention to details will help ensure your mill rate data entry is accurate. If there are any errors that have a status of “Stop”, you must correct them before you can submit.

When the report is accurate, and all “Stop” errors are rectified, click **Submit Report**.

**NOTE:** If you discover an error in data after submitting the report, please contact School Finance at (785) 296-4209 to open the report so you can re-submit.
Print Report

The Print Report menu allows users to print the Mill Rate Form. Check the box next to “Excel Report” to generate the report as an Excel file. Otherwise, it will generate a PDF. Click Print Section to generate the report.
