Welcome to the Superintendent’s Organization Report (SO66). Whether you have been involved with the SO66 in the past or are brand-new to the SO66, the Kansas State Department of Education (KSDE) wants to be sure that you have information and resources to make the submission of your school’s SO66 run smoothly.

Accuracy is extremely important when submitting the SO66. The SO66 is the official data used to determine the enrollment and various weightings used for computing the district’s General Fund and Supplemental General Fund Budgets. The aggregate PBR data will populate to the Superintendent’s Organization Report. Throughout the year, requests for information from these reports will be provided to the Legislature, U.S. Department of Education, educators, members of the media and patrons.
## Important Terms

KSDE has created a glossary of terms in the next few pages to help clarify words and phrases that may be unfamiliar to you. Please take a minute to review these important terms before continuing:

Note: All Superintendents should select “District/Org Approve”.

- District/Org Read Only: This will give the user access to view, but not edit or submit Principal Building Reports (PBRs) for school within the district as well as the Superintendent’s Organization Report (SO66).
SUPERINTENDENT ORGANIZATION REPORT (SO66)

Note: If you do not see Superintendent’s Organization Report (SO66) here, your account does not have district level access. Please see the New Users section below to register a new account with district level access.

Tip: If you must register for a new username and password, take a minute to note what current Web Applications you are registered for and what user level you are for each. Then, when you re-register for a new username and request access to the Directory Updates application, you can also request access to the web applications you were already registered for and have all web applications you use available to you under your new username and password.

5. Scroll down to the bottom and fill in the three fields under In Case You Forget Your Password.

6. Click Submit.
   - Once this happens, KSDE’s IT department will email the USD contact denoted as the main contact on the Directory Updates web application for approval (for USD’s this will be the Superintendent). Once approved, KSDE’s IT department will add the requested application to your account then send you an email to let you know that you can now access the requested application.

7. Go to KSDE’s Web Applications Site and sign in.
   - You should see all web applications you have requested access to. The applications that have been approved will be clickable. The ones that you are still awaiting access for or will be greyed out. If the main contact approved access outside of KSDE’s office hours (M-F, 8:30 to 4:30), you will be granted access when KSDE office reopens.

New Users

Individuals who do not have access to KSDE web applications will need to register for access.

Structured Literacy and/or Dyslexia Professional Development for 2022-2023 School Year

The Legislative Task Force on Dyslexia and the Kansas State Board of Education have required that schools conduct annual professional development on structured literacy and/or dyslexia. Professional learning is required annually but each school system is allowed to determine the time and duration of the training. The training should be hands-on, with evidence-based practices, on the nature of dyslexia, procedures to identify students who are struggling in reading, intervention strategies and procedures, tiered intervention practices, or progress monitoring. The training can be held during consecutive meetings and do not require a dedicated professional development day.

New Teachers:

Do you have documented verification that all new teachers holding the following endorsements have received the KSDE Required Dyslexia Training Online Modules (required 6 hours of dyslexia training): Elementary; Early Childhood Unified; High Incidence SPED Teaching K-12; English Language Arts Grade 5-12; Reading Specialists; and School Psychologists. (New teachers trained during the 2022-2023 school year.)

New and Returning Teachers:

Do you have documented verification that all teachers holding the following endorsements have received the current annual professional development on structured literacy and/or dyslexia as identified in Kansas
Dyslexia Handbook found on this website: Structured Literacy and/or Dyslexia Required Annual Training. Elementary; Early Childhood Unified; High Incidence SPED Teaching K-12; English Language Arts Grade 5-12; Reading Specialists; and School Psychologists. (Teachers trained during the 2022-2023 school year.)

Salaries

Confirming Salary Variances
Salaries frequently fluctuate from year to year. Both percentage changes and cash value changes can appear odd. We ask you to confirm the values entered. If you locate errors in your reported data, make changes to your data and click save again.
After enrollment, perhaps the most scrutinized, reviewed and verified data you will submit is salaries. Below are common errors when reporting salaries, as well as details on new features to help you review salary data:

- Not prorating both the FTE and Salary for a teacher or principal (Reporting principal’s FTE as 0.5, but not prorating his salary accordingly).
- Prorating the superintendent’s salary when the full amount should be reported. The superintendent’s salary on line 13 should never be prorated, even if it is included (and prorated) on other lines. Include Principal, coaching, and any other duties that are in Superintendent’s contract.
- Not rounding salaries to the nearest whole dollar (attempting to enter cents, so reporting is 150,000.00 becomes 15,000,000).
- Reporting average salaries, when the gross salaries are requested.
- Duplicating the supplemental salaries or fringe benefits in the regular salary line.
- Using the contracted salary from last year’s S066 to complete the actual section of this year’s report.
- Superintendent’s salary:
  - Do not include KPERS surcharge
- Principal’s salaries:
  - Do not include Social Security, Worker’s Compensation or Unemployment Insurance on the Principal’s salaries including Supplemental salaries and Board Paid Fringe Benefits.
  - Include life and health insurance, disability income, accidental death, hospital, surgical and/or medical insurance on Board Paid Fringe Benefits for Principals.
- Teacher’s Salaries:
  - Classroom teachers: Regular base salary. Do not include optional life insurance.
  - Board paid fringe benefits include buyout for sick and vacation.
  - Supplemental teacher salaries: Any extra duty for teachers (afterschool sports, etc.).

Paying close attention to details will help ensure your salary data is accurate as possible. In the screen shot below, you will notice the percentage change in red. To address this change, provide a simple explanation of the event that caused this change. Save your changes. The red percentage will change to black indicating that this issue has been addressed. If School Finance has additional questions when we conduct our review, we will call on the district to clarify.

**Licensed Personnel**

The licensed personnel screen allows users to report the district licensed personnel by building type. Report the full-time equivalency (FTE) for all licensed personnel employed by the district to the nearest tenth. **Sponsoring districts of special education coops should also include all licensed employees.** Do not exceed 1.0 FTE for any personnel.

This list may not match the Licensed Personnel Report your district completes later this school year.
Non-Licensed Personnel

Non-Licensed personnel should be aggregated for the district, in the 27 categories provided. Report the full-time equivalency (FTE) for all licensed personnel employed by the district to the nearest tenth. Sponsoring districts of special education coops should also include all licensed employees. Do not exceed 1.0 FTE for any personnel.

"NEW" Non-Licensed Personnel name change:
For All Other: Coaching Assistants is now reported as All Other: Rule 10 Coaches.
Federal Title Programs

The Title II Programs utilize non-public school enrollment within the unified school district to calculate annual allocations. These programs require the use of the enrollment of those schools who DESIRE to participate in each program. These enrollment numbers will be used to calculate 2023-2024 allocations. Each non-public school (accredited and non-accredited) located within the USD Boundary, as identified in the Directory Updates web application, will be reflected in the list below. For each non-public school listed,
report their Total FTE student enrollment as of September 20, 2023. Please check the programs in which they intend to participate; if no participation, please do not check either box.

### Headcounts Table

This table provides the cumulative total students counted on September 20 as reported in the Principal Building Reports and further disaggregates the totals into subgroups that could potentially affect weightings for funding. If any students were counted in the central office, they will be reported in the appropriate column and added to the district total. The un-weighted FTE for these students is provided on this page as well. In populating the Headcounts Table, data is pulled from ENRL records uploaded to the KIDS Collection System. The following fields in KIDS affect data displayed here:

- D10: Current Grade Level (All Values)
- D24 Minutes Enrolled (Value greater than 17, or 14 for concurrent high school enrollment students)
- D16 Attendance School (9100 for KAMS)
- D17 Virtual Student (Value of 1)
Virtual Students

Only students attending virtual schools and programs approved by KSDE will be counted for Virtual State Aid funding based on the KSDE audit.

Virtual students 19 and under are funded based on the number of minutes enrolled and are not eligible for any weightings. (Full-time funded at $5,600, part-time funded at $2,800 x FTE). Virtual students 19 and under must be enrolled and attending in September in order to be counted. (No second count date.)

- if student is attending a traditional school in one district and a virtual school/program in another district, the traditional school counts the minutes first and the virtual school is limited to remaining minutes.

Virtual students 20 and over will be funded $709 per credit earned from July 1 to June 30 (up to a maximum of six credits).
• Students who are enrolled for 1st semester – submit data on the ENRL records.
• Students who enroll after count window/during a semester – submit an ASGT record in KIDS.
• It is our recommendation that all students be reported in their home school they would otherwise attend. For students that cannot be reported in their home school, their Funding School (D15) should be reported as the Central Office building and such enrollment will be displayed here for funding purposes. This screen is similar to the Principal’s Building Report headcount table to reflect the same subgroups by grade and weighted FTE enrollment as applicable.

To find additional information on what students are used to populate the totals, simply click on an underlined number, and a window will display with the student names along with additional information.

The data that displays depends on the column you select. You can use this list to balance against your student information system. Data is downloadable to MS Excel, as shown on the image below.

Central Office Headcount

It is our recommendation that all students be reported in their home school they would otherwise attend. For students that cannot be reported in their home school, their Funding School (D15) should be reported as the Central Office building and such enrollment will be displayed here for funding purposes. This screen is similar to the Principal’s Building Report headcount table to reflect the same subgroups by grade and weighted FTE enrollment as applicable.

Dropout Diploma Completion Virtual

2022 Senate Sub for House Bill 2567 provides funding for students who are 19 years of age or younger who enroll in a virtual school as a dropout diploma completion virtual student. Funding will be $709 per credit earned (maximum of six credits per student earned between July 1 and June 30th). Please enter total credits earned for determining Virtual State Aid entitlement. Credits should be estimated through June 30. Credits will be audited the following school year.

To qualify:

1) Age 19 and under attending High School Virtually. (In an approved Virtual school)
   o 19 years of age and younger as of September 20
   o High School student attending virtually
2) Credit deficient < 75% of expected credits earned (5th cohort year)
- Total credits required for graduation (ex. 21)
- High School credits the student earned (ex 5)
- Example: 5/21 = 24% (Credit Deficient)

3) Signed out of high school; these are the only dropouts that you will have at the beginning of 2022-2023.
   - Parent (or student) exempted the student from attendance
   - Student did not attend for 60 consecutive days during the 2022-23
Headcount and Enrollment at a Glance

This screen provides a snapshot of headcounts and sample FTE's that are used to compute the weighted enrollment on the Legal Max Screen. Some items (ancillary tax appeal, cost of living tax appeal) will not display on this screen unless your district has been approved for such funding.

The Headcount and Enrollment at a Glance page reports students who are included in special counts, such as Career and Tech Ed, Bilingual, and Virtual. By clicking on the underlined values, it will display a list of students included in the weighting.

NOTE: The FTE reported on this screen is NOT the final weighted FTE. The FTE on this screen is used in the calculation to determine your final weighted FTE, or for information only.
• D43: ESOL/Bilingual Participation Codes (Values for headcount: 1, 2, 3, 5, 6 & 7 – Values for Contact Minutes (D45): 1, 2, 3 & 7).
• D45: ESOL/Bilingual Student Contact Minutes (divided by 60 to convert to hours).
• D46: Career and Technical Education (CTE) Contact Minutes (divide by 60 to calculate hours).
• D17: Virtual Education Student (Values 1).
• D24: Minutes Enrolled (For Part-Time: Value greater than 17 and less than 360, and Value greater than 14 and less than 300 for concurrent high school enrollment students).

Note: 2/20/2024 District total headcount or hours and 2/20/2024 FTE.
If your district has Military students on 2/20/2024 count day (the students that were not enrolled on 9/20), should be included in these 2 columns. If you have no Military students, enter a value of zero. (There are only a few select districts that will have Military students).

Legal Max

The Legal Max Screen is broken into three sections: Enrollment/FTE, Weightings and Virtual State Aid.

The Enrollment/FTE section displays the values used to compute your current year adjusted FTE enrollment. The Weightings section displays values for special funding received for special student populations.

If no military (2/20) enrollment, then the greater of the following:

1. The September 20, 2022 audited full time equivalent (FTE) number of students regularly enrolled (excludes Preschool-Aged At-Risk (3yr old and 4yr old), Virtual, KAMS & JDC), or
2. The September 20, 2021 audited FTE number of students regularly enrolled (excludes Preschool-Aged At-Risk (3yr old & 4yr old), Virtual, KAMS & JDC)

If military (2/20) enrollment, then the greater of the following:

1. The September 20, 2022 audited full time equivalent (FTE) number of students regularly enrolled plus the February 20, 2023 audited FTE (excludes Preschool-Aged At-Risk (3yr old & 4yr old) Virtual, KAMS & JDC), or
2. The September 20, 2021 audited FTE number of students regularly enrolled plus the February 20, 2022 audited (includes 2/20; excludes Preschool-Aged At-Risk (3yr old & 4yr old), Virtual, KAMS & JDC).
3. The average number of FTE students regularly enrolled in the district for three years: 2020-2021, 2021-2022, 2022-2023 (includes 2/20; excludes Preschool-Aged At-Risk (3yr old & 4yr old), Virtual, KAMS & JDC). Only districts that meet all three of the following criteria qualify for the three-year average for the prior year:

a. The district received Federal Impact Aid
b. The District had military dependent students enrolled during 2022-2023 school year
c. The district declined in enrollment for 2022-2023 compared to 2021-2022 school year

To qualify for the Military Second Count (2/20), this will be enrollment of military connected students not enrolled on September 20. This FTE must be at least 25.0 or 1% of the September 20 enrollment (excluding virtual).
Approve/Submit S066

If the PBR's are not showing up for the S066, you will need to click on the Submit All “Approved by Principal” PBR's.
When the report is accurate, it is time to submit the SO66. This page will display a list of warnings that may require additional review. A warning does not necessarily mean that data is inaccurate; it simply means that data is missing or doesn’t match an expected value. Some districts may receive no warnings at all.

The warning serves to ensure that the district has properly reported all information on the report. In some instances, the errors serve to ensure the district is properly coding their students for potential funding.

If a warning is checked under the “Stop Submit?” column, the error must be resolved before users can submit the report.

When all the errors and warnings have been addressed, the Superintendent can click the “Submit to KSDE” button to finalize the report. Once this action is performed, the report is complete. Attempts to send KIDS Collection ENRL records will not be allowed after the SO66 has been submitted.

Confidentiality & Security

Data Confidentiality

In recognition of the importance of confidentiality surrounding student data, KSDE has developed a Privacy Statement. This statement has been adopted by KSDE and is included in all staff security awareness training.

We encourage districts to review and understand this policy. Districts should determine how the information in this policy relates to their staff and their internal practices, and are welcome to adopt it or any portion of it. The Privacy Statement document can be found on the Research and Evaluation page of the KSDE website.
Computer Environment Security

The following are generally considered to be the basic guidelines for maintaining a safe, secure computer environment. This is by no means a comprehensive list, but these guidelines can help ensure that viruses, hackers, and other threats do not compromise data or an entire computer network.

- Maintain up-to-date antivirus software: Anti-virus software for any particular type of device should be running and up-to-date on every level of device, including clients, file servers, mail servers, and other types of networked devices.
- Use host-based firewall software when possible: Host-based firewall software, for any particular type of device, should be running and configured according to the guidelines for your organization.
- Use strong Passwords and protect them: The following are guidelines for a “strong” password:
  - At least 8 characters long
  - Contains at least 1 numeric value or special character
  - Contains at least 1 upper case letter
  - Contains at least 1 lower case letter

There are some basic guidelines for creating good passwords. Do NOT write your passwords down on a notepad, on a sticky note, or anywhere else where it might be seen. Do not use the name of your partner, your address, your pet’s name, your children’s names, etc. as your password—these are probably the first words that somebody attempting to access your information or software system would try. Do not use words. No matter how expansive your vocabulary is, there exist “cracking” programs that can try every word in the dictionary to find your password. One of the best techniques for creating a good password is to use initials of a saying or sentence that is meaningful to you. Use numbers and “special” characters (such as symbols, spaces, and capital letters) in your password.
