Total Expenditures

Introduction

The School Finance team of the Kansas State Department of Education has prepared this report in order to provide Total Expenditures for unified school districts in Kansas.

Listed below are the funds included in total expenditures, a history of districts that closed or consolidated from 2002-2003 to present, and state totals.

This report may be beneficial to school boards, school administrators, and others who may be interested in the educational programs of local public-school districts.
Full-Time Equivalency (FTE)

The total enrollment for pre-school through grade 12 and non-graded (adult) students from September 20, and February 20 if applicable, count days (including virtual).

Note: Students enrolled in the Kansas Academy of Math & Science (KAMS) at Fort Hays State University are excluded from the FTE.

- 3- and 4-year-old preschoolers (with IEP) and Preschool-Aged At-Risk will count as 0.5 FTE.

Note: Beginning in 2021-2022, funding was provided for Preschool-Aged At-Risk (3-years old). For 2020-2021 and prior, enrollment excludes Preschool-Aged At-Risk (3-years old) and only includes Preschool-Aged At-Risk (4-years old).

- Kindergarten through grade 12 and non-graded students receive an FTE based on minutes enrolled where 360 minutes = 1.0 FTE (full-time).
  - Students less than full-time will receive an FTE based on their minutes enrolled and rounded to the nearest one-tenth (one decimal point).

Note: Kindergartners are counted as 0.5 FTE through the 2016-2017 school year. However, per KSA 72-5132, starting in 2017-2018 are counted as 1.0 FTE based on 360 minutes or IEP status.

Full-Time for concurrently enrolled students is 300 minutes. Full-time for Preschool-Aged At-Risk (3- and 4-Years Old) students is 180 minutes (maximum FTE is 0.5).

- Kindergarten through grade 12 students (with IEP) will count as a 1.0 FTE unless also enrolled as a virtual student.
  *See page 19 of the Enrollment Handbook on how virtual students with an IEP are counted.*
• Virtual Students that are one of the following on September 20 will receive an FTE based on the number of credits earned divided by 6:
  o 20 and older
  o Dropout that is 19 and younger (starting in 2022-2023 school year)

Note: Virtual Full-Time and Part-Time FTE is only counted on September 20; Virtual Credits are collected in June on the Local Effort form. Credits are divided by 6 to calculate FTE.

February 20 Count Day

In the 2005-2006 school year, K.S.A. 72-5139 allowed a February 20 count for children of military families not enrolled on September 20. To qualify, the district must have at least 25 FTE or 1% of adjusted enrollment. The February 20 count is added to the September 20 count.
State Aid

Revenue recorded by the school district as state funds that can be used for any legal purpose desired by the school district without restriction and in addition to state funds that must be used for a categorical or specific purpose. Refer to the 3000 Revenue Codes in the Kansas Accounting Handbook.

Federal Aid

Revenue recorded by the school district as federal funds received direct from the federal government or through the state that can be used for any legal purpose desired by the school district without restriction, in addition to federal funds that must be used for a categorical or specific purpose. Refer to the 4000 Revenue Codes in the Kansas Accounting Handbook.

Local Revenue

Total Expenditures - (State Aid + Federal Aid) = Local Revenue

It is not unusual for a district to accumulate monies in the Capital Outlay fund (16) for large projects and spend the money in one year. During that year, expenditures will be higher than usual and may drop the following year.

Also, in districts where the voters have approved a bond issue, the expenditures would be higher in the year that the district begins making bond payments.
Total Expenditures

Actual expenditures less transfers as reported on the USD budgets. Funds included are:

(06) General  (18) Driver Training  (51) KPERS Special Retirement Contribution
(07) Federal  (22) Extraordinary School Program
(08) Supplemental General  (26) Professional Development Material Revolving
(10) Adult Education  (28) Parent Education Program

(14) Bilingual Education  (35) Gifts & Grants
(15) Virtual Education  (42) Special Liability Expense
(16) Capital Outlay  (44) School Retirement

Federal funds, which are not required to be in a special fund listed above, are also included.

Block Grant

A Block Grant funding system was utilized during the 2015-1016 and 2016-2017 school years. School district general fund budgets were based on the general state aid paid during 2014-2015 with adjustments allowed for virtual state aid, new facilities aid, and federal impact aid. In addition, qualifying districts received extraordinary need state aid.
