February 2018

INTRODUCTION

This is a report showing the 2016-2017 actual and 2017-2018 contracted salaries, including fringe benefits, of superintendents for each of the 286 unified school districts.

This data is compiled from the annual Superintendent’s Organization Report, which was submitted by the unified school districts.

It should be noted that there are several districts with shared superintendents, or with retired superintendents serving on a part-time basis. In addition, there is a wide disparity in years’ experience, college hours of personnel, and budget per pupil, which would account for disparities in salaries between school districts.

Please visit the School Finance section of the Kansas Department of Education website at http://datacentral.ksde.org/school_finance_reports.aspx for more publications or additional information.
