

COMING SUMMER 2023

KESA Summer Check-In

PILOT – July 2022

50 Systems who will be entering year 5 of KESA in the 2022-2023 are being invited to check in with the KSDE Accreditation and Design Team this summer as a way to pilot what annual summer check ins for KESA might look like beginning summer of 2023.

These 50 Systems were pulled to form a representative sample of systems in Kansas. If you were one of the selected systems, you should receive a direct invite from the Accreditation and Design Team.

If you were not directly invited, but you are entering year 5 and want to participate in this pilot, please let us know. If spots become available, we will allow other year 5 systems to join! Email accreditation@ksde.org.

Why?

Every summer, systems currently have the opportunity to come to KSDE for a budget review. Why not bring your KESA team and get feedback on your goals as well? The Accreditation and Design Team would like to offer systems the chance to receive feedback on their continuous improvement work each summer as a way to better provide each system direct support and feedback. Questions we might ask during this check-in include:

- What did your needs assessment reveal? What does your accountability report reveal?
- What are your KESA Goals? Are they SMART?
- What progress has been made toward your goals? How do you know?
- What additional support do you need?

Who and how?

This opportunity is designed to coincide with work systems are already doing to get feedback from KSDE on your budget. When scheduling that budget check in, beginning in Summer 2023, systems will also have the option to 'add on' a KESA check-in.

We understand that your systems KESA team might be the same or different than your budget team. That's okay! Schedule your visit/check-in for the appropriate teams as it works for your system. If this means one team meets with both fiscal and KESA, that's great! If that means you send one KESA team and one fiscal team and each team meets individually, that's great too!

We are excited to launch this new opportunity in the summer of 2023! Stay tuned for an update on how our pilot of this goes this year!

Kansas leads the world in the success of each student.
