In partnership with KDOR: Driver Education Students Age 14

Clarification*

Because every school begins their driver's education class at different times there is no yearly cut off. Every driver's education student must be 14 years of age on the day class begins or they must turn 14 within 1-2 days of the beginning of class.

- Review the student's birthdate and if they will not be 14 within 1-2 days of class beginning they will have to take your driver's education class at a later time when they meet that criteria.
- If you enroll earlier in the year, a 13-year-old student must turn 14 prior to the beginning of class or turn 14 within 1-2 days of class starting. This student can fill out the paper application but it cannot be entered into the Portal until the day they turn 14. This means you must have access to a computer and printer to do the data entry, pay for the application and print the documents.
- If you are not able to do this, then that student will have to wait to take driver's education until the following school year or sign up with a Commercial Driver's Education school when they are 14 or turn 14 within 1-2 days of class starting.
- Students that are not 14 may not participate in anything other than lectures the first 1-2 days of class until they turn 14. This means they cannot take any testing given by their USD school, Greenbush or a Commercial Driving School until they turn 14 which includes online quizzes, chapter tests or the handbook test. **NO TESTING before age 14 is set by statutes.**

KDOR/DMV Driver's Education Instructor Portal*

Commercial and school district appointed Driver's Education Instructors in the state of Kansas are required to submit student applications, pay application fees, and print documentation from the Driver's Education Instructor Portal. Kansas Handbook Test & Permit*

With advisement from the Kansas Driver Education Advisory Board, and requirement(s) from the DMV/KDOR, please see statements below:

Previous practice stands to have students take the Kansas Handbook Test in person; Kansas Handbook tests **CANNOT** be taken or presented online. It is **recommended** students take the Kansas Handbook test prior to the DE class. This is **recommended** not required, however this would allow drive instructors to begin driving on the first day of class with those students who already hold their permit. The student would still be required to attend DE class and learn (or review) the content covered. The ones who already held a permit could be exempt from having to take the actual exam. **CLARIFICATION:** If you have a student that has an expired Permit issued by the Division of Vehicles or the Permit will expire during class, you will enter the Portal application with the expired Permit K number and then give the student the written test along with the rest of the class. As long as the student passes, you will give the student the Parent/Guardian DE-99 Permit and tell them to take it to the Division of Vehicles to have a new Permit issued.
