- Click the Authenticated Applications link (right side of screen)
- Click the Register button (bottom, left)
- Fill out the required registration fields

- Fill in birthdate, security question and answer
- Click Submit (**Registered Users STOP HERE**)

- Enter your **Educator ID** (do not copy and paste from ELCS)
Enter Social Security Number (no dashes)
- Click Submit

After you have registered, the District KEEP2 Administrator (District Office) will need to go to District Set Up in KEEP2 and click the Batch Import Buildings button in the Assign Buildings tab. The District Administrator or the Building Administrator will also need to assign a rubric in the Educator Assignments tab and assign an Evaluator in the Assign Evaluators tab.

New Teachers, Long Term Subs, ETC. - Building Educator vs. Registered User

-If the teacher has turned in a fingerprint card, then he/she has been assigned an Educator ID which can be looked up in ELCS and can register as a Building Educator.

-If the teacher has not turned in a fingerprint card and does not have an educator ID yet, then he/she can register for an account using the role of Registered User, instead of Building Educator. The Registered User account will need to be approved, but will function the same as the Building Educator account.

****Side Note: all the Educator ID does is make it so that the district office does not have to approve EVERY account in the district, other than that, there is no difference in the two roles.

Role Types:

(Role choices depend on whether you choose the **district office** or a **building** from the drop down box)

- **District Administrator** – Superintendent, Assistant/Associate Superintendent, HR Director
(*Account approval required) – access to all district information as evaluator and/or evaluatee

Evaluation goes by years teaching in your district, not overall teaching career or changing positions within the district. The only position change that would come into play would be from educator to administrator, as administrators are evaluated annually.

Cycles:

All Educators (Building Educators, Building Leaders, and District Leaders):

1st year in position in district – evaluate twice, once each semester

2nd year in position in district – evaluate twice, once each semester

3rd year in position in district – evaluate once

4th year in position in district – evaluate once

1st year in 3 year cycle (**5th year in district**) – do not need to evaluate

2nd year in 3 year cycle (**6th year in district**) – do not need to evaluate

3rd year in 3 year cycle (**7th year in district**)- evaluate once

KEEP2 TWO CYCLE EVALUATIONS

There are now two options for how to proceed with evaluatees that require two evaluation cycles in a school year. We added the first option, as many had stated that starting the entire evaluation process over, just two

months after the first evaluation, was overwhelming for the new teachers, as there is usually little change in the Self-assessment and Goals in that amount of time.

NEW - Option One:

1st Cycle – Follow through with 99% of the Fall evaluation, the only difference being that you DO NOT click the Complete & Archive button. This leaves the digital evaluation “open”, so that all can be updated or added to during the next cycle. Everything is time and date stamped and will show a completed 1st cycle evaluation. You should download/print the Evaluation Report Summary for documentation.

2nd Cycle – Since the digital evaluation is still open, then the bubbles DO NOT clear and you will still see the 1st Cycle information. To proceed with the 2nd Cycle, you and the evaluatee may un-submit each area allowing you to update or add to them, as needed (this will all be date and time stamped). Then, once you are through the 2nd evaluation cycle, you may click the Complete & Archive button and download/print the Evaluation Report Summary for documentation. There is also an Evaluation Report Detailed, which will show all the time and date stamped entries for the 1st and 2nd Cycle evaluations (Beware! It will likely be 20-30 pages long). (The Complete & Archive button merely sends the evaluation to Past Evaluations. The last Submit button on the Final Summative page is the key to showing that the evaluation was completed within the statutory timeline, as everything is time and date stamped.)

OLD - Option Two:

(This is still a valid option and can be used)

1st Cycle - Follow through with the entire first semester evaluation, all the way to clicking the Complete & Archive button, as you have done in the past. You can download/print the Evaluation Report Summary for documentation.

2nd Cycle – Since the 1st Cycle was sent to Past Evaluations, the bubbles will be cleared and there will be a new evaluation waiting in the evaluatee’s drop down box. Once you are through the 2nd evaluation cycle, you may click the Complete & Archive button and download/print the Evaluation Report Summary for documentation.
