Section I.e Program Completers

Provide the total number of initial teacher certification preparation program completers in each of the following academic years:

2010-11: 20

2009-10: 24

2008-09: 27

Section II. Annual Goals

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative routes to state certification or licensure program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students. IHEs that do not have a teacher preparation program in one or more of the areas listed below can enter NA for the area(s) in which the IHE does not have that program.

Teacher shortage area	Goal for increasing prospective teachers trained
Mathematics	<p>Academic year: 2010-11</p> <p>Goal: 3 - 5</p> <p>Goal met? Yes</p> <p>Description of strategies used to achieve goal:</p> <p>Yes, 2010-11 Bethany College graduated one Secondary Math Program Completer and 2 Middle Level Math Program Completers. All 3 are teaching Math. Intensive work with Enrollment Services and Recruitment with student visitors continues. As of Fall 2011, six Math Education majors are enrolled.</p> <p>Description of steps to improve performance in meeting goal or lessons learned in meeting goal:</p> <p>Research of KS Math Education Programs and KSDE Assessment Standards is currently underway. Encouraging partnership with Science Department and area MS & HS "Science Chicks Club". Science Department continues to present fun science projects to show the fun side of science to undeclared students. Fall 2011 a Chemistry major was accepted into the Teacher Education Program.</p> <p>Description of steps to improve performance in meeting goal or lessons learned in meeting goal:</p> <p>Most of our "science" area visitors or majors want to be admitted to a pharmacy or medical school. By showing the "fun side" of science we hope to make a middle level science endorsement more attractive to elementary education teacher education majors.</p>

ACCK is a consortium of the six area member colleges of Bethany College at Lindsborg, Bethel College at North Newton, Kansas Wesleyan University at Salina, McPherson College at McPherson, Sterling College at Sterling, and Tabor College at Hillsboro. Undergraduate and post-baccalaureate students are enrolled in one of the member colleges to pursue endorsement in adaptive special education at the K-6 and/or the 6-12 levels, and ACCK provides the undergraduate endorsement coursework that includes field experience for three of the four courses.</p> <p>Description of steps to improve performance in meeting goal or lessons learned in meeting goal:</p> <p>ACCK has developed an assessment system that is aligned with its conceptual framework, Kansas Adaptive Special Education Standards, and national standards for teacher accreditation. ACCK has a fully accredited program that has been approved through December of 2013. The assessment system includes content-based assessment (Praxis II), assessment of the candidate's ability to plan instruction, assessment of clinical experience, assessment of candidate's effect on student learn, philosophical/historical/legal foundations, assessment, and managing behavior/problem-solving/social skills. ACCK students consistently meet or exceed standards. Students unable to meet standards are not formally accepted into the ACCK Adaptive Special Education Program, which is required before clinical experience (student teaching). Cooperating teachers rank ACCK students as proficient or distinguished on final assessment conference reports.</p>

<p>ML endorsements for El Ed majors</p>	<p>Academic year: 2010-11</p> <p>Goal: Encourage ML Endorsements</p> <p>Goal met? Yes</p> <p>Description of strategies used to achieve goal:</p> <p>Advisers encourage students to obtain a middle level endorsement in Special Education, Math, Science, Social Studies and English. Students were reluctant to spend more money and time to obtain their education. Fall 2011, formal ML endorsements have been eliminated to better align Bethany College Teacher Education Program with KSDE Middle Level endorsement requirements.</p> <p>Description of steps to improve performance in meeting goal or lessons learned in meeting goal:</p>

2009-10 Middle Level Endorsements survey of local core teachers of Math, Science, Social Studies and English data was analyzed and used to align our coursework to KSDE Standards and licensure requirements. All Elementary Education candidates are required to take ED346, Middle Level Methods. Listings of suggested courses to meet licensure requirements are in place for faculty to advise candidates seeking middle level licensure.

Provide any additional comments, exceptions and explanations below:

In 2011-12 Bethany will have 3 Special Education Student Teachers completing their clinical practice and graduating within their 4 year plan.

Section II. Assurances

Please indicate whether your institution is in compliance with the following assurances.

Training provided to prospective teachers responds to the identified needs of the local educational agencies or States where the institution's graduates are likely to teach, based on past hiring and recruitment trends.

Yes

Training provided to prospective teachers is closely linked with the needs of schools and the instructional decisions new teachers face in the classroom.

Yes

Prospective special education teachers receive coursework in core academic subjects and receive training in providing instruction in core academic subjects.

Yes

General education teachers receive training in providing instruction to children with disabilities.

Yes

General education teachers receive training in providing instruction to limited English proficient students.

Yes

General education teachers receive training in providing instruction to children from low-income families.

Yes

Prospective teachers receive training on how to effectively teach in urban and rural schools, as applicable.

Yes

Describe your institution's most successful strategies in meeting the assurances listed above:

The following required courses align with these assurances: ED100 Introduction to Teacher Education and Teaching Profession 1 hour This course is designed to help direct those students who are considering a career in pedagogy—the science of teaching. The seminar combines an exploration of the teaching profession with an exploration of the student as a potential teacher. Students learn about the varying levels and subjects available for teachers and the professional potential for each. In addition, each student constructs an Individual Development Plan to examine not only his or her skills and interests, but also his or her strengths and weaknesses as a future teacher.

ED200 Introduction to Teaching: Classroom Experience 3 hours

An exploratory opportunity in which one who is considering becoming a teacher works with a classroom teacher, full-time, during the January Inter-term. Prerequisite: ED100 and sophomore status, or consent of the instructor.

ED240 Social, Cultural and Language Diversity in Today's Classrooms 3 hours This course is designed to study the relationships among diverse groups within our society, emphasizing historical perspective, various social and cultural systems which demonstrate social differences, class distinction, and social mobility, as well as the impact of second language acquisition on today's classroom within all disciplines and at all grade levels. In order to become exceptional teachers, it is necessary to understand how students' cultural values are expressed in beliefs and behaviors. This understanding helps teachers to respond appropriately and promote congruity between teacher and student interaction. This course will include an early field experience in a culturally diverse classroom setting. (3 hours credit). Prerequisites: PY101, ED200 and declaration of elementary education major or consent of the instructor.

SE 210 Introduction to Infants, Children & Youth With Special Needs, 2 hours credit. This class is a survey of federal and state mandates for special education, including an overview of categorical exceptionalities delineated in the laws; service delivery systems; advocacy groups; the concept of least restrictive alternatives; and the purpose and

function of the IEP and IFSP. The course is designed to introduce all pre-service teachers to mild and moderate handicapping conditions of children enrolled in regular education. The course also serves as a foundation for special education majors. Offered each semester at Bethany.

ED358 Foundations of Education 3 hours

This course focuses upon the history of American education, the educational philosophies which have contributed to American Education, and the role of education in American society today. Emphasis will be placed on the continuing development of individual student's educational philosophy, the understanding of contemporary educational issues and learning in modern society. In each of these areas the student will build upon previous work in earlier courses. Prerequisites: ED100, ED200, and Junior/Senior status. Must apply to teacher education or consent of education department chair.

Section IV. Low-Performing

Provide the following information about the approval or accreditation of your teacher preparation program.

Is your teacher preparation program currently approved or accredited?

Yes

If yes, please specify the organization(s) that approved or accredited your program:

State

NCATE

Is your teacher preparation program currently under a designation as "low-performing" by the state (as per section 207(a) of the HEA of 2008)?

No

Section V. Technology

Does your program prepare teachers to:

- **integrate technology effectively into curricula and instruction**

Yes

- **use technology effectively to collect data to improve teaching and learning**

Yes

- **use technology effectively to manage data to improve teaching and learning**

Yes

- **use technology effectively to analyze data to improve teaching and learning**

Yes

Provide a description of how your program prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of how your program prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.

Bethany has invested in "smart" classrooms; integrating technology into curricula and instruction. Students are required to use multiple kinds of technology for presentations in methods classes demonstrating for their peers technology in assessment for data collection, data management and data analysis.

Technology issues are addressed in the following professional education courses. Most of these are junior-senior level:

ED351 Instructional Technology For Teachers 2 hours

A methods course designed to give education majors a practical, working knowledge of various instructional technologies as they

apply to the teaching/learning process. Prerequisites: Junior standing, ED100, and ED200. Must apply to teacher education or consent of education department chair.

ED322,Elementary Music Methods and ED341, Secondary Music Methods provide cross-curriculum activity integrated thematic instructional units which connect music selections to historical events, cultural aspects and trends in arts and architecture.

Section VI. Teacher Training

Does your program prepare general education teachers to:

- **teach students with disabilities effectively**

Yes

- **participate as a member of individualized education program teams**

Yes

- **teach students who are limited English proficient effectively**

Yes

Provide a description of how your program prepares general education teachers to teach students with disabilities effectively, including training related to participation as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*, and to effectively teach students who are limited English proficient. Include planning activities and a timeline if any of the three elements listed above are not currently in place.

Bethany College prepares general education teachers to teach students with disabilities effectively through required course SE210 Introduction to Infants, Children and Youth with Special Needs. Each Methods course includes assessing and teaching strategies for diverse learners. Bethany students will demonstrate a depth of knowledge within their discipline in order to effectively deliver instruction. (Conceptual framework - Knowledge Base) Candidates will acquire and implement research-based strategies to successfully manage classroom responsibilities including goal-setting, lesson design, assessment, and response to diverse student

needs. (Conceptual framework - Teaching Strategies and Application) Candidates will demonstrate the understanding of professional behaviors based upon community culture and expectation, integrity, within relationships and commitment to on-going academic growth for self and their students. (Conceptual framework - Professional Attitudes and Values) The candidate will develop and demonstrate highly competent communication skills in which appropriate integrated learning experiences, including technology application are delivered in a classroom setting. (Conceptual framework - Making Knowledge Meaningful) Candidates will create a well-managed, inclusive, learning environment which demonstrates their understanding of the impact of positive teacher behavior and attitude within the educational setting. (Conceptual framework - Crating a Climate Conducive to Learning) Candidates will cultivate student motivation by demonstrating creativity, enthusiasm, empathy and genuine encouragement within a stimulating and inclusive environment. (Conceptual framework - Motivating Students to Learn)

Program completers must have earned a baccalaureate degree completing all program requirements with a grade of "C" or higher; including departmental, professional courses, supporting courses and the required courses for writing, communications and mathematics. Have a minimum GPA of 2.5 or higher in their major and cumulatively based on total hours attempted at all colleges attended.

Does your program prepare special education teachers to:

- **teach students with disabilities effectively**

Yes

- **participate as a member of individualized education program teams**

Yes

- **teach students who are limited English proficient effectively**

Yes

Provide a description of how your program prepares special education teachers to teach students with disabilities effectively, including training related to participation as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*, and to effectively teach students who are limited English proficient. Include planning activities and a timeline if any of the three elements listed above are not currently in place.

Special Education is not an initial licensing content area in Kansas. Bethany College prepares special education teachers to teach students with disabilities effectively through the Associated Colleges of Central Kansas (ACCK). ACCK is a consortium of the six area member colleges of Bethany College at Lindsborg, Bethel College at North Newton, Kansas Wesleyan University at Salina, McPherson College at McPherson, Sterling College at Sterling, and Tabor College at Hillsboro. Undergraduate and post-baccalaureate students are enrolled in one of the member colleges to pursue endorsement in adaptive special education at the K-6 and/or the 6-12 levels, and ACCK provides the undergraduate endorsement coursework that includes field experience for three of the four courses. ACCK has developed an assessment system that is aligned with its conceptual framework, Kansas Adaptive Special Education Standards, and national standards for teacher accreditation. ACCK has a fully accredited program that has been approved through December of 2013. The assessment system includes content-based assessment (Praxis II), assessment of the candidate's ability to plan instruction, assessment of clinical experience, assessment of candidate's effect on student learn, philosophical/historical/legal foundations, assessment, and managing behavior/problem-solving/social skills. ACCK students consistently meet or exceed standards. Students unable to meet standards are not formally accepted into the ACCK Adaptive Special Education Program, which is required before clinical experience (student teaching). Cooperating teachers rank ACCK students as proficient or distinguished on final assessment conference reports.

Participate as a member of individualized education program teams

ACCK prepares special education teachers to participate as a member of individualized education program (IEP) teams. Coursework assignments include observation of an IEP and IEP team meeting, IEP videos/simulations, lecture captures on IEPs, planning of an IEP based on a case study, and preparation of an IEP during student teaching (clinical experience).

Teach students who are limited English proficient effectively

ACCK prepares special education teacher to work effectively with diversity, including limited English proficiency. Coursework includes diversity interviews, diversity issues in assessment, diversity reference materials, lecture captures on diversity, reading programs for limited English proficient learners, and an oral exam with diversity questions.

Section VII. Contextual Information

Please use this space to provide any additional information that describes your teacher preparation program(s). You may also attach information to this report card. The U.S. Department of Education is especially interested in any evaluation plans or interim or final reports that may be available.
