Provide a link to your website where additional information about admissions requirements can be found:

<http://coe.k-state.edu/ss/handbook/checklists.htm#te>

Indicate when students are formally admitted into your initial teacher certification program:

Other Student are admitted whenever all requirements are met, generally late in the sophomore year.

Does your initial teacher certification program conditionally admit students? Yes

Please provide any additional about or exceptions to the admissions information provided above:

Students can be conditionally admitted if they: (1) are enrolled in the early field experience but have not yet completed it; (2) are first semester transfer students, who have all other requirements met, and have not had a chance to take the Pre-Professional Skills Tests (PPST); (3) have taken the PPST but the official scores have not arrived at the College of Education offices. We accept the students copy of the scores.

With all three situations, students' records are checked at the end of the semester to see if they have met the requirements. If they have, they are given full admittance. If they have not, they are removed from the

teacher education program.

As indicated in the "other" row above, students must successfully complete the following courses with a specified grade or higher: Orientation to Teacher Education at Kansas State University with a grade of "credit." Candidates must complete the following courses with a grade of C or higher: Expository Writing I & II, Public Speaking, Algebra or a higher level math course, Statistics or a course which includes statistics.

Candidates must also have a teaching field grade point average of 2.5 or above.

Section I.b Program Enrollment

Provide the number of students in the teacher preparation program in the following categories. Note that you must report on the number of students by ethnicity and race separately. Individuals who are non-Hispanic/Latino will be reported in one of the race categories. Also note that individuals can belong to one or more racial groups, so the sum of the members of each racial category may not necessarily add up to the total number of students enrolled.

Total number of students enrolled in 2010-11:	1012
Unduplicated number of males enrolled in 2010-11:	215
Unduplicated number of females enrolled in 2010-11:	797

2010-11	Number enrolled
<i>Ethnicity</i>	
Hispanic/Latino of any race:	54
<i>Race</i>	
American Indian or Alaska Native:	6
Asian:	5
Black or African American:	12
Native Hawaiian or Other Pacific Islander:	0
White:	915
Two or more races:	11

Section I.c Supervised Experience

Provide the following information about supervised clinical experience in 2010-11.

Average number of clock hours required prior to student teaching	115
Average number of clock hours required for student teaching	646
Number of full-time equivalent faculty in supervised clinical experience during this academic year	42
Number of full-time equivalent adjunct faculty in supervised clinical experience during this academic year (IHE and PreK-12 staff)	1188
Number of students in supervised clinical experience during this academic year	1495

Please provide any additional information about or descriptions of the supervised clinical experiences:

NOTE: The number of students includes approximately 700 in early field experiences who have not yet been admitted into the teacher education program.

Kansas State University has an extensive program of professional development schools. Of their four field experiences, all candidates have at least two of them in professional development schools and most have all four in professional development schools.

Clinical instructors are employed to work in each of the professional development schools. These are individuals who teach for the school district half-time and supervise clinical experiences for the University, including student teaching, half-time. They are paid by the College of Education for half-time employment.

In addition to being supervised and evaluated by clinical instructors and university instructors/professors, candidates are assigned to work in the classrooms of cooperating teachers for each of their clinical experiences. These cooperating teachers oversee the candidates' work and evaluate their performance. For student teaching, (a full day, 17 week experience) each candidate is assigned a cooperating teacher who works closely with them and is paid a stipend for this work.

Section I.d Teachers Prepared by Subject Area

Please provide the number of teachers prepared by subject area for academic year 2010-11. For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank. (§205(b)(1)(H))

Section I.e Program Completers

Provide the total number of initial teacher certification preparation program completers in each of the following academic years:

2010-11: 346

2009-10: 384

2008-09: 350

Section II. Annual Goals

Each institution of higher education (IHE) that conducts a traditional teacher preparation

program (including programs that offer any ongoing professional development programs) or alternative routes to state certification or licensure program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students. IHEs that do not have a teacher preparation program in one or more of the areas listed below can enter NA for the area(s) in which the IHE does not have that program.

Teacher shortage area	Goal for increasing prospective teachers trained
Mathematics	<p>Academic year: 2010-13</p> <p>Goal: 50</p> <p>Goal met? Yes</p> <p>Description of strategies used to achieve goal:</p> <p>Our strategy will be to identify from inquiring students those who have an interest in math and have an adviser contact them. In addition a math education faculty member will contact each of these individuals to encourage them to pursue a teaching career.</p> <p>Description of steps to improve performance in meeting goal or lessons learned in meeting goal:</p> <p>For 2010-11 we had a goal of preparing 20 math teachers and 37 were actually eligible for a teacher license. Only 16 of the 37 majored in math so our goal was met even though only 16 graduated with math as a major. The remaining individuals requested math as a second teaching field.</p> <p>Our new goal will be to have 75 students enrolled in our professional teacher education program by 2013. We believe this approach more accurately meets the directive to, "...increase the number of prospective teachers trained...."</p> <p>We believe our strategy worked well and will continue with it for our new goals.</p>
Science	<p>Academic year: 2010-13</p> <p>Goal: 35</p> <p>Goal met? Only 11 of the 39 majored in one of the sciences.</p>

	<p>The remaining individuals requested one or more of the sciences as a second teaching field.</p> <p>Our new goal will be to have 40 students enrolled in our professional teacher education program by 2013. We believe this approach more accurately meets the directive to, "...increase the number of prospective teachers trained...."</p> <p>We believe our strategy worked well and will continue with it for our new goals.</p>

Provide any additional comments, exceptions and explanations below:

Our Special Education program and English as a Second Language (ESL) program are graduate endorsements. The ESL program is recognized throughout the country as a model program and has been

adopted by several IHE's. Currently approximately 1200 students are enrolled in one or more courses leading to the endorsement in ESL.

Section II. Assurances

Please indicate whether your institution is in compliance with the following assurances.

Training provided to prospective teachers responds to the identified needs of the local educational agencies or States where the institution's graduates are likely to teach, based on past hiring and recruitment trends.

Yes

Training provided to prospective teachers is closely linked with the needs of schools and the instructional decisions new teachers face in the classroom.

Yes

Prospective special education teachers receive coursework in core academic subjects and receive training in providing instruction in core academic subjects.

NA

General education teachers receive training in providing instruction to children with disabilities.

Yes

General education teachers receive training in providing instruction to limited English proficient students.

Yes

General education teachers receive training in providing instruction to children from low-income families.

Yes

Prospective teachers receive training on how to effectively teach in urban and rural schools, as applicable.

Yes

Describe your institution's most successful strategies in meeting the assurances listed above:

Candidates are required to complete a portfolio as part their clinical experiences during each of the last three semesters of their program. Candidates must address the above mentioned areas in order to successfully complete these portfolios.

Section IV. Low-Performing

Provide the following information about the approval or accreditation of your teacher preparation program.

Is your teacher preparation program currently approved or accredited?

Yes

If yes, please specify the organization(s) that approved or accredited your program:

State

NCATE

Is your teacher preparation program currently under a designation as "low-performing" by the state (as per section 207(a) of the HEA of 2008)?

No

Section V. Technology

Does your program prepare teachers to:

- **integrate technology effectively into curricula and instruction**

Yes

- **use technology effectively to collect data to improve teaching and learning**
Yes
- **use technology effectively to manage data to improve teaching and learning**
Yes
- **use technology effectively to analyze data to improve teaching and learning**
Yes

Provide a description of how your program prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of how your program prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.

The semester following their admission to the teacher education program, candidates are required to take the course "Educational Technology for Teaching and Learning." In subsequent semesters they are required to use technology in their teacher education courses. During student teaching, candidates are required to use technology to teach and to collect, manage, and analyze data and report the results in their student teaching portfolio.
