

Kansas Wesleyan University  
Traditional Program

2014 | Title II  
Reports

Complete Report Card

AY 2012-13

## Institution Information

**Name of Institution:** Kansas Wesleyan University

**Institution/Program Type:** Traditional

**Academic Year:** 2012-13

**State:** Kansas

**Address:** 100 E. Claflin

Salina, KS, 67401

**Contact Name:** Dr. Martha Robertson

**Phone:** 785-827-5541 ext. 13

**Email:** martha.robertson@kwu.edu

Is your institution a member of an HEA Title II Teacher Quality Partnership (TQP) grant awarded by the U.S. Department of Education?  
(<http://www2.ed.gov/about/offices/list/oii/tqp/index.html>)

No

If yes, provide the following:

**Award year:**

**Grantee name:**

**Project name:**

**Grant number:**

**List partner districts/LEAs:**

**List other partners:**

**Project Type:**

## Section I.a Program Information

List each teacher preparation program included in your traditional route. Indicate if your program or programs participate in a Teacher Quality Partnership Grant awarded by the U.S. Department of Education as described at <http://www2.ed.gov/about/offices/list/oii/tqp/index.html>.

Teacher Preparation Programs	Teacher Quality Partnership Grant Member?
Biology Secondary Education	No
Chemistry Secondary Education	No
Elementary Education	No
English Secondary Education	No
History, Government, and Social Studies Secondary Education	No
Mathematics Secondary Education	No
Music Education	No
Physical Education	No
Physics Secondary Education	No
Speech/Theatre Secondary Education	No
<b>Total number of teacher preparation programs: 10</b>	

## Section I.b Admissions

**Indicate when students are formally admitted into your initial teacher certification program:**

Sophomore year Any time after successfully completing Foundations of Education and Developmental Psychology

**Does your initial teacher certification program conditionally admit students?**

Yes

**Provide a link to your website where additional information about admissions requirements can be found:**

<http://www.kwu.edu/enrollment/catalogs.html>

**Please provide any additional comments about or exceptions to the admissions information provided above:**

Students seeking admission into the program can meet the criteria of demonstrating basic skills in reading, writing and math in a variety of ways: ACT scores that

meet the national average of subskills in reading, writing and math; SAT scores that meet the national average of subskills in similar areas; CAAP scores that meet the national average in reading, writing, and math; and CASE scores that meet the cut scores established by the Kansas State Department of Education. Students can use a combination of these three types of tests. Student must have completed at least 38 credit hours and attained at least a 2.5 GPA before applying. An interview is also an important part of our admission process to the program. The Teacher Education Committee, comprised of faculty from across campus, teacher education faculty, and two education students who have been admitted to the program, interview students seeking admission into the program. Students must meet the interview cut score established by the Unit faculty as part of the criteria to be considered for admission. Students who have the appropriate cut scores in all three areas are fully admitted; students who have the appropriate cut scores in two of the three are provisionally admitted.

## Section I.b Undergraduate Requirements

Please provide the following information about your teacher preparation program's entry and exit requirements. (§205(a)(1)(C)(i))

Are there initial teacher certification programs at the undergraduate level?

Yes

If yes, for each element listed below, indicate if it is required for admission into or exit from any of your teacher preparation program(s) at the Undergraduate level.

Element	Required for Entry	Required for Exit
Transcript	Yes	Yes
Fingerprint check	No	Yes
Background check	No	No
Minimum number of courses/credits/semester hours completed	Yes	Yes
Minimum GPA	Yes	Yes
Minimum GPA in content area coursework	Yes	Yes
Minimum GPA in professional education coursework	Yes	Yes
Minimum ACT score	Yes	Yes
Minimum SAT score	Yes	Yes
Minimum basic skills test score	Yes	Yes
Subject area/academic content test or other subject matter verification	No	Yes
Recommendation(s)	Yes	Yes
Essay or personal statement	No	No
Interview	Yes	No
Other	Data not reported	Data not reported

What is the minimum GPA required for admission into the program?

2.5

What was the median GPA of individuals accepted into the program in academic year 2012-13

3.48

What is the minimum GPA required for completing the program?

2.5

What was the median GPA of individuals completing the program in academic year 2012-13

3.48

Please provide any additional comments about the information provided above:

## Section I.b Postgraduate Requirements

Please provide the following information about your teacher preparation program's entry and exit requirements. (§205(a)(1)(C)(i))

Are there initial teacher certification programs at the postgraduate level?

No

If yes, for each element listed below, indicate if it is required for admission into or exit from any of your teacher preparation program(s) at the Postgraduate level.

Element	Required for Entry	Required for Exit
Transcript	Data not reported	Data not reported
Fingerprint check	Data not reported	Data not reported
Background check	Data not reported	Data not reported
Minimum number of courses/credits/semester hours completed	Data not reported	Data not reported

Interview	Data not reported	Data not reported
Other	Data not reported	Data not reported

What is the minimum GPA required for admission into the program?

What was the median GPA of individuals accepted into the program in academic year 2012-13

What is the minimum GPA required for completing the program?

What was the median GPA of individuals completing the program in academic year 2012-13

Please provide any additional comments about the information provided above:

## Section I.c Enrollment

Provide the number of students in the teacher preparation program in the following categories. Note that you must report on the number of students by ethnicity and race separately. Individuals who are non-Hispanic/Latino will be reported in one of the race categories. Also note that individuals can belong to one or more racial groups, so the sum of the members of each racial category may not necessarily add up to the total number of students enrolled.

For the purpose of Title II reporting, an enrolled student is defined as a student who has been admitted to a teacher preparation program, but who has not completed the program during the academic year being reported. An individual who completed the program during the academic year being reported is counted as a program completer and *not* an enrolled student.

[Additional guidance on reporting race and ethnicity data.](#)

Total number of students enrolled in 2012-13:	30
Unduplicated number of males enrolled in 2012-13:	10
Unduplicated number of females enrolled in 2012-13:	20

2012-13	Number enrolled
<i>Ethnicity</i>	
Hispanic/Latino of any race:	1
<i>Race</i>	
American Indian or Alaska Native:	1
Asian:	0
Black or African American:	1
Native Hawaiian or Other Pacific Islander:	0
White:	27
Two or more races:	0

## Section I.d Supervised Clinical Experience

Provide the following information about supervised clinical experience in 2012-13.

Average number of clock hours of supervised clinical experience required prior to student teaching	140
Average number of clock hours required for student teaching	640
Average number of clock hours required for mentoring/induction support	0
Number of full-time equivalent faculty supervising clinical experience during this academic year	2
Number of adjunct faculty supervising clinical experience during this academic year (IHE and PreK-12 staff)	4
Number of students in supervised clinical experience during this academic year	30

**Please provide any additional information about or descriptions of the supervised clinical experiences:**

While the candidate is in clinical practice, the cooperating teacher completes a formal, formative evaluation of the candidate at least three times. In addition, the university supervisor observes the student and completes a formal, formative evaluation at least three times. If the candidate is a secondary education candidate, the content area department chair also observe and evaluates the candidate at least once. At the end of clinical practice, the university supervisor and cooperating teacher jointly complete a summative evaluation of the candidate and fills out a disposition for the candidate.

## Section I.e Teachers Prepared by Subject Area

**Please provide the number of teachers prepared by subject area for academic year 2012-13. For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank. (§205(b)(1)(H))**

Subject Area	Number Prepared
Education - General	0
Teacher Education - Special Education	0
Teacher Education - Early Childhood Education	0
Teacher Education - Elementary Education	16
Teacher Education - Junior High/Intermediate/Middle School Education	0
Teacher Education - Secondary Education	0
Teacher Education - Multiple Levels	0
Teacher Education - Agriculture	0
Teacher Education - Art	1

## Section I.e Teachers Prepared by Academic Major

Please provide the number of teachers prepared by academic major for academic year 2012-13. For the purposes of this section, number prepared means the number of program completers. "Academic major" refers to the actual major(s) declared by the program completer. An individual can be counted in more than one academic major. If no individuals were prepared in a particular academic major, please leave that cell blank. (§205(b)(1)(H))

Academic Major	Number Prepared
Education - General	0

Teacher Education - Special Education	0
Teacher Education - Early Childhood Education	0
Teacher Education - Elementary Education	16
Teacher Education - Junior High/Intermediate/Middle School Education	0
Teacher Education - Secondary Education	0

## Section I.f Program Completers

Provide the total number of teacher preparation program completers in each of the following academic years:

2012-13: 30

2011-12: 13

2010-11: 21

## Section II Annual Goals - Mathematics

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route to state credential program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students. ([§205\(a\)\(1\)\(A\)\(ii\)](#), [§206\(a\)](#))

Information about teacher shortage areas can be found at <http://www2.ed.gov/about/offices/list/ope/pol/tsa.html>.

Please provide the information below about your program's goals to increase the number of prospective teachers in mathematics in each of three academic years.

**Academic year 2012-13**

**Did your program prepare teachers in mathematics in 2012-13?**

Yes

**How many prospective teachers did your program plan to add in mathematics in 2012-13?**

2

**Did your program meet the goal for prospective teachers set in mathematics in 2012-13?**

Yes

**Description of strategies used to achieve goal, if applicable:**

By recruiting both traditional age college students and second career individuals interested in mathematics, the college was able to meet its goal for this year. However, the number of candidates in mathematics education for future years is dropping.

**Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:**

**Provide any additional comments, exceptions and explanations below:**

The college is looking at recruiting second career individuals interested in mathematics education.

**Academic year 2013-14**

**Is your program preparing teachers in mathematics in 2013-14?**

Yes

**How many prospective teachers did your program plan to add in mathematics in 2013-14?**

3

**Provide any additional comments, exceptions and explanations below:**

The college will not reach its goal for 2013-2014. Only 12 students completed with an education degree in all program areas. None of those were in mathematics. The college continues to interest students in mathematics by working with colleagues across the campus, industry, and area secondary schools.

**Academic year 2014-15**

**Will your program prepare teachers in mathematics in 2014-15?**

Yes

**How many prospective teachers does your program plan to add in mathematics in 2014-15?**

3

**Provide any additional comments, exceptions and explanations below:**

## Section II Annual Goals - Science

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route to state credential program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students. (**§205(a)(1)(A)(ii), §206(a)**)

Information about teacher shortage areas can be found at <http://www2.ed.gov/about/offices/list/ope/pol/tsa.html>.

Please provide the information below about your program's goals to increase the number of prospective teachers in science in each of three academic years.

**Academic year 2012-13**

**Did your program prepare teachers in science in 2012-13?**

Yes

**How many prospective teachers did your program plan to add in science in 2012-13?**

1

**Did your program meet the goal for prospective teachers set in science in 2012-13?**

No

**Description of strategies used to achieve goal, if applicable:**

The one student that the college was anticipating would complete with a science education degree in 2012-2013 did not complete until Fall 2013.

**Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:**

The Education Department continues to work with faculty in Biology, Chemistry, and Physics to encourage students to consider science education. The department is also working with admissions to develop material to outline the advantages of a career in science education.

**Provide any additional comments, exceptions and explanations below:**

**Academic year 2013-14**

**Is your program preparing teachers in science in 2013-14?**

Yes

**How many prospective teachers did your program plan to add in science in 2013-14?**

2

**Provide any additional comments, exceptions and explanations below:**

The college will likely not meet its goal for 2013-2014 as one student was delayed in his student teaching because of the demands of athletic participation and the number of hours required in the Biology Education major.

**Academic year 2014-15**

**Will your program prepare teachers in science in 2014-15?**

Yes

**How many prospective teachers does your program plan to add in science in 2014-15?**

1

**Provide any additional comments, exceptions and explanations below:**

## Section II Annual Goals - Special Education

**Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route to state credential program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students. (§205(a)(1)(A)(ii), §206(a))**

Information about teacher shortage areas can be found at <http://www2.ed.gov/about/offices/list/ope/pol/tsa.html>.

Please provide the information below about your program's goals to increase the number of prospective teachers in special education in each of three academic years.

**Academic year 2012-13**

**Did your program prepare teachers in special education in 2012-13?**

Yes

**How many prospective teachers did your program plan to add in special education in 2012-13?**

4

**Did your program meet the goal for prospective teachers set in special education in 2012-13?**

Yes

**Description of strategies used to achieve goal, if applicable:**

The Education advisor encourage students, particularly elementary education students to also get an endorsement in special education through the consortium of which the college is a member. Many students see the advantage of the additional endorsement and pursue special education credentials.

**Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:**

**Provide any additional comments, exceptions and explanations below:**

**Academic year 2013-14**

**Is your program preparing teachers in special education in 2013-14?**

Yes

**How many prospective teachers did your program plan to add in special education in 2013-14?**

4

**Provide any additional comments, exceptions and explanations below:**

**Academic year 2014-15**

**Will your program prepare teachers in special education in 2014-15?**

Yes

**How many prospective teachers does your program plan to add in special education in 2014-15?**

4

**Provide any additional comments, exceptions and explanations below:**

## Section II Annual Goals - Instruction of Limited English Proficient Students

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route to state credential program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students. (§205(a)(1)(A)(ii), §206(a))

Information about teacher shortage areas can be found at <http://www2.ed.gov/about/offices/list/ope/pol/tsa.html>.

Please provide the information below about your program's goals to increase the number of prospective teachers in instruction of limited English proficient students in each of three academic years.

**Academic year 2012-13**

Did your program prepare teachers in instruction of limited English proficient students in 2012-13?

No

How many prospective teachers did your program plan to add in instruction of limited English proficient students in 2012-13?

Did your program meet the goal for prospective teachers set in instruction of limited English proficient students in 2012-13?

NA

Description of strategies used to achieve goal, if applicable:

Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

Provide any additional comments, exceptions and explanations below:

**Academic year 2013-14**

Is your program preparing teachers in instruction of limited English proficient students in 2013-14?

No

How many prospective teachers did your program plan to add in instruction of limited English proficient students in 2013-14?

Provide any additional comments, exceptions and explanations below:

**Academic year 2014-15**

Will your program prepare teachers in instruction of limited English proficient students in 2014-15?

No

How many prospective teachers does your program plan to add in instruction of limited English proficient students in 2014-15?

Provide any additional comments, exceptions and explanations below:

## Section II Assurances

Please certify that your institution is in compliance with the following assurances. (§205(a)(1)(A)(iii), §206(b)) Note: Be prepared to provide documentation and evidence for your responses, when requested, to support the following assurances.

Preparation responds to the identified needs of the local educational agencies or States where the program completers are likely to teach, based on past hiring and recruitment trends.

Yes

Preparation is closely linked with the needs of schools and the instructional decisions new teachers face in the classroom.

Yes

Prospective special education teachers are prepared in core academic subjects and to instruct in core academic subjects.

Yes

Prospective general education teachers are prepared to provide instruction to students with disabilities.

Yes

Prospective general education teachers are prepared to provide instruction to limited English proficient students.

Yes

Prospective general education teachers are prepared to provide instruction to students from low-income families.

Yes

Prospective teachers are prepared to effectively teach in urban and rural schools, as applicable.

Yes

**Describe your institution's most successful strategies in meeting the assurances listed above:**

There are four successful strategies that our program incorporates that assist us in meeting the assurances listed above. First, the Teacher Education Advisory Council provides the Teacher Education Department with information regarding specific needs of local schools and contributes to the success of candidates. Second, the Teacher Education Program has allocated funds to bring in expert teachers to address specific topics that target understanding children's needs and provide instructional and behavioral strategies that address those needs. These educational programs are in addition to the instructional strategies received in candidates' psychology, SPED and methods classes. A third successful strategy has been the evaluation of the assurances by cooperating teachers in early field experiences and clinical practice. The final strategy has been requiring candidates to specifically address ELL, SPED and other needs in their lesson plans. This has helped them to consciously plan instruction to meet the specific needs of those children. Candidates seeking special education endorsement complete the elementary or secondary requirements of Kansas Wesleyan University (KWU) and take addition courses in special education through the Associated College of Central Kansas (ACCK), a consortium of six area private colleges of which KWU is a member.

All program completers, 2012-13	29	26	90
All program completers, 2011-12	12	12	100
All program completers, 2010-11	19	16	84

## Section IV Low-Performing

Provide the following information about the approval or accreditation of your teacher preparation program.

Is your teacher preparation program currently approved or accredited?

Yes

If yes, please specify the organization(s) that approved or accredited your program:

State

NCATE

Is your teacher preparation program currently under a designation as "low-performing" by the state (as per section 207(a) of the HEA of 2008)?

No

## Section V Use of Technology

Provide the following information about the use of technology in your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request.

Does your program prepare teachers to:

- **integrate technology effectively into curricula and instruction**  
Yes
- **use technology effectively to collect data to improve teaching and learning**  
Yes
- **use technology effectively to manage data to improve teaching and learning**  
Yes
- **use technology effectively to analyze data to improve teaching and learning**  
Yes

Provide a description of the evidence that your program uses to show that it prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of the evidence your program uses to show that it prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.

All preservice teachers must satisfactorily complete a course titled Instructional Technology. In this course they learn the various applications of technology to the classroom. Preservice teachers are then expected to apply these technologies in their development of units and lesson plans in their content areas. When in clinical practice, candidates are evaluated on their use of technology during instruction.

## Section VI Teacher Training

**Provide the following information about your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request.**

**Does your program prepare general education teachers to:**

- **teach students with disabilities effectively**  
Yes
- **participate as a member of individualized education program teams**  
Yes
- **teach students who are limited English proficient effectively**  
Yes

**Provide a description of the evidence your program uses to show that it prepares general education teachers to teach students with disabilities effectively, including training related to participation as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*, and to effectively teach students who are limited English proficient. Include planning activities and a timeline if any of the three elements listed above are not currently in place.**

Preservice teachers must satisfactorily complete a course which addresses individuals with special needs including those who have disabilities, who are gifted and talented, and who have limited English proficiency. The course addresses differentiated instruction, and students develop instructional activities which address the various needs of P-12 students. During this course, all preservice teachers must complete 20 hours of early field experience (EFE). During their EFE, they specifically observe cooperating teachers accommodating the needs of students by differentiating their instruction. Within their methods courses, preservice teachers are required to develop lesson plans with differentiation for the P-12 students addressing disabilities, gifted and talented and limited English proficiency. Finally, during clinical practice, candidates prepare and present a unit which must address accommodations for student with special needs.

---

**Does your program prepare special education teachers to:**

- **teach students with disabilities effectively**  
Yes
- **participate as a member of individualized education program teams**  
Yes
- **teach students who are limited English proficient effectively**  
Yes

**Provide a description of the evidence your program uses to show that it prepares special education teachers to teach students with disabilities effectively, including training related to participation as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*, and to effectively teach students who are limited English proficient. Include planning activities and a timeline if any of the three elements listed above are not currently in place.**

While Kansas Wesleyan University (KWU) prepares special education teachers to teach students with disabilities effectively through the Associated Colleges of

Central Kansas (ACCK), this is not an initial license area. In Kansas SPED is not an initial license area and must be added as an endorsement to an initial license area. ACCK is a consortium of the six area member colleges: Bethany College at Lindsborg, Bethel College at North Newton, Kansas Wesleyan University at Salina, McPherson College at McPherson, Sterling College at Sterling, and Tabor College at Hillsboro. Preservice teachers at KWU pursue an endorsement in adaptive special education at the K-6, the 6-12, or K-12 levels by taking the coursework provided by ACCK. This coursework includes field experience for three of the four courses. ACCK has developed an assessment system that is aligned with its conceptual framework, Kansas Adaptive Special Education Standards, and national standards for teacher accreditation. ACCK has a fully accredited program. The assessment system includes content-based assessment (Praxis II), assessment of the candidate's ability to plan instruction, assessment of clinical experience, assessment of candidate's effect on student learn, philosophical/historical/legal foundations, assessment, and managing behavior/problem-solving/social skills. ACCK students consistently meet or exceed standards. Students unable to meet standards are not formally accepted into the ACCK Adaptive Special Education Program, which is required before clinical experience (student teaching). Cooperating teachers rank ACCK students as proficient or distinguished on final assessment conference reports.

ACCK prepares special education teachers to participate as members of individualized education program (IEP) teams. Coursework assignments include observation of an IEP and IEP team meeting, IEP videos/simulations, lecture captures on IEPs, planning of an IEP based on a case study, and preparation of an IEP during student teaching (clinical experience).

ACCK prepares special education teacher to work effectively with diversity, including limited English proficiency. Coursework includes diversity interviews, diversity issues in assessment, diversity reference materials, lecture captures on diversity, reading programs for limited English proficient learners, and an oral exam with diversity questions.

## Section VII Contextual Information

**Please use this space to provide any additional information that describes your teacher preparation program(s). You may also attach information to this report card. The U.S. Department of Education is especially interested in any evaluation plans or interim or final reports that may be available.**

Kansas Wesleyan University (KWU) is located in Salina, a central Kansas community with a population of about 48,000. KWU is a small university, grounded in the liberal arts tradition. The University is accredited by the North Central Association of Colleges and Schools-Higher Learning Commission (NCA-HLC). In spring 2007, the University completed a very successful Higher Learning Commission regional accreditation visit, with recommendations for continued accreditation for a 10-year period with no required interim follow-up visits or reports. The Teacher Education Program is accredited by the Kansas Board of Education (since 1947) and the National Council for Accreditation of Teacher Education (since 2002). It is the philosophy of the Teacher Education Program that a liberal arts education coupled with an academic major and professional teacher training produces an effective P-12 teacher. The Conceptual Framework of the program states: "Kansas Wesleyan University prepares reflective teachers with the potential for professional leadership who demonstrate academic and professional excellence, have sound personal qualities, have a commitment to education and life-long learning, demonstrate world citizenship and are committed to faith." KWU offers 10 academic programs that lead to teacher licensure with additional endorsements available in SPED. Academic courses are recommended for candidates interested in adding a middle level endorsement through test only. The recommended academic courses are viewed as helping prepare the candidates for success in meeting the cut score on the PRAXIS test. Three important groups provide oversight for the Teacher Education Program--the Unit Faculty, Teacher Education Committee and the Teacher Education Advisory Council. Each group has different representation and provides a specific function in the program. The Unit faculty is comprised of the 10 department chairs of the academic programs that lead to licensure. This group oversees curriculum, assessments, and procedures in teacher education. The Teacher Education Committee is comprised of faculty from the academic programs that lead to licensure plus two students who are fully accepted into the teacher education program. They make decisions regarding acceptance into the program and clinical practice. They also decide on probation within or dismissal from the program. They hear appeals made to the Teacher Education Program. The Teacher Education Advisory Council is comprised of teachers and administrators in the field, graduates of the program, faculty, community members, and two students who are who are fully accepted into the teacher education program. This Council makes recommendations regarding program evaluations, follow-up surveys, early field experiences, and provides a link to the educational community in Salina and surrounding areas. A testimony to the success of KWU's teacher education program are the number of teachers employed by USD 305, Salina. These graduates are contributing to the quality of the Salina schools and their success in meeting AYP.
