## Section I.c Enrollment

Provide the number of students in the teacher preparation program in the following categories. Note that you must report on the number of students by ethnicity and race separately. Individuals who are non-Hispanic/Latino will be reported in one of the race categories. Also note that individuals can belong to one or more racial groups, so the sum of the members of each racial category may not necessarily add up to the total number of students enrolled.

For the purpose of Title II reporting, an enrolled student is defined as a student who has been admitted to a teacher preparation program, but who has not completed the program during the academic year being reported. An individual who completed the program during the academic year being reported is counted as a program completer and *not* an enrolled student.

[Additional guidance on reporting race and ethnicity data.](#)

## Section I.f Program Completers

Provide the total number of teacher preparation program completers in each of the following academic years:

2011-12: 16

2010-11: 59

2009-10: 45

## Section II Annual Goals - Mathematics

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route to state credential program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students. (§205(a)(1)(A)(ii), §206(a))

Information about teacher shortage areas can be found at <http://www2.ed.gov/about/offices/list/ope/pol/tsa.html>.

Please provide the information below about your program's goals to increase the number of prospective teachers in mathematics in each of three academic years.

**Academic year 2011-12**

**Did your program prepare teachers in mathematics in 2011-12?**

Yes

**How many prospective teachers did your program plan to add in mathematics in 2011-12?**

2

**Did your program meet the goal for prospective teachers set in mathematics in 2011-12?**

No

**Description of strategies used to achieve goal, if applicable:**

Our mathematics majors in our alternative program has not grown.

**Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:**

Media Ads. are being used in an attempt to recruit more people into the program.

**Provide any additional comments, exceptions and explanations below:**

Candidates can only seek licensure in the field of their bachelors degree. Therefore if a candidate wanted to teach mathematics but did not have a BS in mathematics they would not be allowed to enter this program and major in Math education.

**Academic year 2012-13**

**Is your program preparing teachers in mathematics in 2012-13?**

Yes

**How many prospective teachers did your program plan to add in mathematics in 2012-13?**

2

**Provide any additional comments, exceptions and explanations below:**

This is the number of candidates who have been accepted as mathematics majors in the alternative program for 12-13

**Academic year 2013-14**

**Will your program prepare teachers in mathematics in 2013-14?**

Yes

**How many prospective teachers does your program plan to add in mathematics in 2013-14?**

2

**Provide any additional comments, exceptions and explanations below:**

This seems to be our average, so am estimating again for 13-14

## Section II Annual Goals - Science

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route to state credential program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students. ([§205\(a\)\(1\)\(A\)\(ii\)](#), [§206\(a\)](#))

Information about teacher shortage areas can be found at <http://www2.ed.gov/about/offices/list/ope/pol/tsa.html>.

Please provide the information below about your program's goals to increase the number of prospective teachers in science in each of three academic years.

**Academic year 2011-12**

Yes

**How many prospective teachers did your program plan to add in science in 2011-12?**

4

**Did your program meet the goal for prospective teachers set in science in 2011-12?**

No

**Description of strategies used to achieve goal, if applicable:**

While our number of Biology majors grew, we had no program completers in Physical science (chemistry or physics) in the alternative licensure program.

**Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:**

We have implemented marketing strategies in the Kansas City metro area to try to gain more students in this area.

**Provide any additional comments, exceptions and explanations below:**

### Section IV Low-Performing

Provide the following information about the approval or accreditation of your teacher preparation program.

Is your teacher preparation program currently approved or accredited?

Yes

If yes, please specify the organization(s) that approved or accredited your program:

State

NCATE

NCA

Is your teacher preparation program currently under a designation as "low-performing" by the state (as per section 207(a) of the HEA of 2008)?

No

### Section V Use of Technology

Provide the following information about the use of technology in your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request.

Does your program prepare teachers to:

- integrate technology effectively into curricula and instruction  
Yes
- use technology effectively to collect data to improve teaching and learning

Yes

- use technology effectively to manage data to improve teaching and learning

Yes

- use technology effectively to analyze data to improve teaching and learning

Yes

**Provide a description of the evidence that your program uses to show that it prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of the evidence your program uses to show that it prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.**

Candidates in the Alternative program are required to complete all work by using the online learner management system CANVAS. Many of them have come from the professional world where they worked with computers daily. They are exposed to educational technology throughout their program.

## Section VI Teacher Training

**Provide the following information about your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request.**

**Does your program prepare general education teachers to:**

- teach students with disabilities effectively

Yes

- participate as a member of individualized education program teams

Yes

- teach students who are limited English proficient effectively

Yes

**Provide a description of the evidence your program uses to show that it prepares general education teachers to teach students with disabilities effectively, including training related to participation as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*, and to effectively teach students who are limited English proficient. Include planning activities and a timeline if any of the three elements listed above are not currently in place.**

All candidates are required to complete three credit-hour courses in diversity and working with special needs students. In their special education class, they are required to participate in at least one IEP session with parents and the school team. Most of them who are teaching in their own classroom work with ELL students.

Provide a description of the evidence your program uses to show that it prepares special education teachers to teach students with disabilities effectively, including training related to participation as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*, and to effectively teach students who are limited English proficient. Include planning activities and a timeline if any of the three elements listed above are not currently in place.

## Section VII Contextual Information

Please use this space to provide any additional information that describes your teacher preparation program(s). You may also attach information to this report card. The U.S. Department of Education is especially interested in any evaluation plans or interim or final reports that may be available.

This year Pittsburg State University was advised to move it's data for the special education innovative program to the traditional report. The special education program is an innovative program in the state of Kansas and the candidates are not Teachers of Record in their own classroom. Therefore the program is more closely related to a traditional program than an alternative program.
