## Section I.c Enrollment

**Provide the number of students in the teacher preparation program in the following categories. Note that you must report on the number of students by ethnicity and**

race separately. Individuals who are non-Hispanic/Latino will be reported in one of the race categories. Also note that individuals can belong to one or more racial groups, so the sum of the members of each racial category may not necessarily add up to the total number of students enrolled.

For the purpose of Title II reporting, an enrolled student is defined as a student who has been admitted to a teacher preparation program, but who has not completed the program during the academic year being reported. An individual who completed the program during the academic year being reported is counted as a program completer and *not* an enrolled student.

[Additional guidance on reporting race and ethnicity data.](#)

## Section I.d Supervised Clinical Experience

Provide the following information about supervised clinical experience in 2014-15.

Average number of clock hours of supervised clinical experience required prior to student teaching	8
Average number of clock hours required for student teaching	0
Average number of clock hours required for mentoring/induction support	50
Number of full-time equivalent faculty supervising clinical experience during this academic year	1
Number of adjunct faculty supervising clinical experience during this academic year (IHE and PreK-12 staff)	6
Number of students in supervised clinical experience during this academic year	57

**Please provide any additional information about or descriptions of the supervised clinical experiences:**

Average number of clock hours in the questions above refers to only the Transition to Teaching. In this program candidates have 8 hours in the summer of supervised clinical experience prior to the internship in the fall. They are the "Teachers of Record" and teaching full time on a Restricted License. 50 hours of mentoring/induction support includes 20 hours for one year of field supervision along with an additional 30 hours of internship support from University faculty.

## Section I.e Teachers Prepared by Subject Area

Please provide the number of teachers prepared by subject area for academic year 2014-15. For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank. (§205(b)(1)(H))

## Section I.f Program Completers

Provide the total number of teacher preparation program completers in each of the following academic years:

2014-15: 20

2013-14: 15

2012-13: 11

## Section II Annual Goals - Mathematics

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route to state credential program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students. ([§205\(a\)\(1\)\(A\)\(ii\)](#), [§206\(a\)](#))

Information about teacher shortage areas can be found at <http://www2.ed.gov/about/offices/list/ope/pol/tsa.html>.

Please provide the information below about your program's goals to increase the number of prospective teachers in mathematics in each of three academic years.

**Academic year 2014-15**

**Did your program prepare teachers in mathematics in 2014-15?**

Yes

**How many prospective teachers did your program plan to add in mathematics in 2014-15?**

2

**Did your program meet the goal for prospective teachers set in mathematics in 2014-15?**

Yes

**Description of strategies used to achieve goal, if applicable:**

We work closely with the superintendents, principals, and HR personnel from area school districts to determine their employment needs. Students are encouraged to apply for Math and Science scholarships through the Chandler B. Hatfield Scholarship/Fellowship.

**Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:**

**Provide any additional comments, exceptions and explanations below:**

**Academic year 2015-16****Is your program preparing teachers in mathematics in 2015-16?**

Yes

**How many prospective teachers did your program plan to add in mathematics in 2015-16?**

2

**Provide any additional comments, exceptions and explanations below:**

The number of prospective candidates in the Alternative program has decreased due to statewide education cuts, whereby school districts have reduced their number of hires and new allocations. We do not anticipate this fiscal environment improving significantly over the next few years. Many of our alternative licensure candidates who have been unable to find jobs and are switching to the Middle Level and Secondary Residency programs.

**Academic year 2016-17****Will your program prepare teachers in mathematics in 2016-17?**

Yes

**How many prospective teachers does your program plan to add in mathematics in 2016-17?**

2

**Provide any additional comments, exceptions and explanations below:**

The appointment of a new director, who is creating a strategic plan for the Transition to Teaching program, will bring changes to the recruitment process for alternative certification candidates in math and science. The strategic plan will address not only expanding recruitment efforts in creative ways, but will address the tightening market for teachers in general due to budget constraints faced by many districts and schools across the state.

## Section II Annual Goals - Science

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route to state credential program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students. (**§205(a)(1)(A)(ii), §206(a)**)

Yes

**Prospective teachers are prepared to effectively teach in urban and rural schools, as applicable.**

Yes

**Describe your institution's most successful strategies in meeting the assurances listed above:**

The alternate program documents, assessments and rubrics, syllabi and assessment plan, focus on all six principles of the units Conceptual Framework which includes diversity and serving diverse populations. Candidates enter the program with an undergraduate or advanced degree in the licensure content field, or if they have a degree in an unrelated field they complete the comparable content coursework in that content field prior to entering the program. Within the professional education coursework and the field experiences, candidates address issues of professionalism and reflection, human development and diversity, connection of teaching experiences and assessment, technology, content, and collaboration.

Candidates' knowledge, skills, and dispositions are subject to continuous assessment and are periodically reviewed with the intent to revise the program as needed.

## Section IV Low-Performing

Provide the following information about the approval or accreditation of your teacher preparation program.

Is your teacher preparation program currently approved or accredited?

Yes

If yes, please specify the organization(s) that approved or accredited your program:

State

NCATE

Is your teacher preparation program currently under a designation as "low-performing" by the state (as per section 207(a) of the HEA of 2008)?

No

## Section V Use of Technology

Provide the following information about the use of technology in your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request.

Does your program prepare teachers to:

- integrate technology effectively into curricula and instruction  
Yes
- use technology effectively to collect data to improve teaching and learning  
Yes
- use technology effectively to manage data to improve teaching and learning  
Yes
- use technology effectively to analyze data to improve teaching and learning  
Yes

Provide a description of the evidence that your program uses to show that it prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of the evidence your program uses to show that it prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.

One of the unit's conceptual framework guiding principles is technology, and the college mission specifies an institutional culture that is technology rich. Faculty include use of technology within their syllabi. Faculty model the use of technology within their own teaching and require candidates to use technology as a teaching tool within their field-based experiences. In the full course of instruction Technology is required and observed in the classroom setting as candidates are monitored in field observations.

## Section VI Teacher Training

Provide the following information about your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be

able to provide evidence upon request.

Does your program prepare general education teachers to:

- teach students with disabilities effectively  
Yes
- participate as a member of individualized education program teams  
No
- teach students who are limited English proficient effectively  
Yes

Provide a description of the evidence your program uses to show that it prepares general education teachers to teach students with disabilities effectively, including training related to participation as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*, and to effectively teach students who are limited English proficient. Include planning activities and a timeline if any of the three elements listed above are not currently in place.

Candidates systematically reflect upon and engage in professional practice with diverse students as relevant to the specific areas of professional expertise. In the units Conceptual Framework the area of Human Development and Diversity assures that candidates have basic theories of human development and learning and understands diversity (e.g., ethnic, racial, socio-economic status, gender, exceptionalities, language, religion, sexual orientation, and geographic area). Candidates apply this knowledge to learning, teaching, guiding, and clinical situations.

Students receive training in the IEP process through Introduction to the Exceptional Child. This is reinforced in the coursework particularly in CI 849 Analysis & Reflection.
