Previous Areas for Improvement (AFI)

Areas for Improvement:

Standards 1-6 (KSDE/NCATE)

None

Standard 2 (NCATE)

AFI 2.1 removed as part of ERC's Initial Accreditation discussion, 4/26/2018

Per the institution, the MSL and DLL programs referenced in previous AFI Standard 2 AFI 1 were discontinued in approximately December 2010 (from KSDE records).

~~AFI 2.1: The unit does not systematically collect and analyze assessment data in the graduate-level programs—MAT, MSL, and DLL.~~

~~Rationale 2.1: Data are collected by the respective program directors but are not systematically incorporated into the unit's data files.~~

Standard 4 (NCATE)

AFI 4.2 ~~removed~~ as part of ERC's Initial Accreditation discussion, 01/25/2018

~~4.2 — The unit does not ensure all MSL and DLL candidates have an opportunity to work with diverse students.~~

~~Rationale 4.2 — Candidates in the MSL and DLL programs complete their clinical experiences in the school where they are employed. If the demographics at a candidate's school do not include opportunities to work with diverse students in all categories expected in 4d, the candidate is encouraged to find ways to have the missing experience. However alternative experiences are not required in either program.~~
