Update on ESOL Endorsement

No changes have been made at this time.
Timeline for revised ESOL Endorsement

• Regulation going through legal process that *if passed* would require an additional professional learning activity for those who take the Praxis (without doing a program).

• This set of regulations is still at the very beginning stages in the legal process.

• Timeline will be determined by how long it takes the two offices (Department of Administration and Attorney General) to review and stamp approval.
Timeline for revised ESOL Endorsement

• Following their approval, the regulations must be published for 60 days and then a hearing by the state board is held with action the following month.

• It will take 3-4 months (at least) before any action is taken.

• Effective date would be a month or so later, but there will most likely be a transition period as well.
