
The LCP Annual Report provides KSDE with required data that is reported to the US Department of Education and the Kansas state legislature. The LCP Annual Report consists of three sections; Title I, Title III, and K-12 State At-Risk. Districts with Targeted Assistance Schools (TAS) may complete and save the Title I, Title III, and State At-Risk pages, but will need to wait to submit the LCP Annual Report until the KIDS EOYA collection is finalized on June 30, 2023. The number of Title I TAS participants is pre-populated at the top of the Title I page of the LCP Annual Report based on what is entered on the KIDS EOYA collection, so please be sure that your KIDS person codes your district’s Title I students correctly on EOYA. If a district only has schoolwide program (SWP) buildings, they may complete and submit the LCP Annual Report any time after it becomes available and prior to the due date.

The State At-Risk page is extremely important. The data from this page is required by, and collected for, the Kansas state legislature. The report serves as a means to track the use and success of the K-12 At-Risk funding provided to school districts.

For information regarding filling out the LCP Annual Report for Title I, Title III, and K-12 State At-Risk, please click on the following link: [Recording of Live Workshop held on 4-26-2023](#).

It may be helpful to print a blank copy of the LCP Annual Report to use before actually entering data into the report. To do so, after logging in to the LCP Annual Report, click on the Reports link in the blue menu on the left-hand side of the page. On the Reports page, click on the Print Blank Annual Report button. A pdf will be generated after clicking that button, and you can choose to save and/or print the blank report.
