**TITLE I COMPARABILITY REPORT**  
**FY 2021 - KSDE – Special Education & Title Services**

Title I of the Elementary and Secondary Education Act (ESEA) authorizes federal financial assistance to local educational agencies to meet the needs of disadvantaged children. The intent of the legislation is that Title I funds should *supplement*, rather than *supplant*, funds from state and local sources. Stated in another way, all schools on each level (elementary, junior high/middle school, senior high) in a district should receive comparable services without taking into account Title I funds that may be allocated. This ensures that all children are receiving essentially the same per-pupil expenditure from state and local sources. Title I funds are to have the effect of providing extra assistance for disadvantaged children. This provision is also applicable to pupil/instructional staff ratio.
