About this Handbook

A Handbook for Title Directors and LCP Contacts is intended to assist public school district personnel in managing their Title programs throughout the school year. The handbook is meant as a resource for busy Title directors and Local Consolidated Plan (LCP) contacts to plan their year. Please use the Kansas State Department of Education's (KSDE) website <http://www.ksde.org/Home>, Non-Regulatory Guidance (<http://www2.ed.gov/programs/titleiparta/index.html>) from the U.S. Department of Education, and technical assistance sessions and conference calls as resources to complete your knowledge of Title Programs. The handbook is organized into categories that mirror the Title Program Review areas.

Fiscal Procedures: Contains timelines related to the maintenance of documentation describing how Title Program funds are spent and key dates related to the Title Programs grant application process.

Parent/Guardian Communications: Contains information related to involving parents as partners in the education of their children and related timelines for conveying time-sensitive information to parents about accountability, teacher qualifications, and parent involvement.

Program Design and Evaluation: Lists suggested dates for conducting annual activities related to identifying needs, evaluating efficacy and coordinating service delivery within schools.

Data Collection and Management: Contains information intended to assist Title Program directors in key recordkeeping tasks.

Non-Public Schools: Gives information related to the coordination of services for non-public school students and teachers.

LCP Listserv: Please contact Kayla Love, klove@ksde.org if you are not on the Local Consolidated Plan (LCP) listserv and would like to be added.

Introduction to Title and State Programs

Title I, Part A

Title I, Part A provides federal dollars for supplemental educational opportunities for disadvantaged children who are most at risk of failing to meet the State's challenging content and performance standards. Title I gives districts the opportunity to create two types of school-based programs: Targeted Assistance and Schoolwide.

A **Targeted Assistance program** is one in which individual students in a school are targeted to receive Title I services based upon multiple, educationally related objective criteria. Title I teachers in Targeted Assistance schools are responsible for providing these services, coordinating with other school personnel as needed, and involving parents in the planning, implementation and evaluation of the Title I program.

A **Schoolwide program** permits an eligible school to use Title I funds in combination with State and local resources and most other federal education program funds to upgrade the entire educational program of the school to raise the academic achievement of all students. Districts/schools are required to involve parents in the planning, implementation and evaluation of the Title I program.

All Schoolwide plans, whether new or written prior to the passage of ESSA in December of 2015, will need to be housed within the KansaStar platform by the beginning of the 2020-2021 school year. This will require the completion of the Schoolwide Supplemental Form within KansaStar, as well as choosing an Indicator from each of the five Core Functions;

- Leadership and Decision Making
- Curriculum, Assessment and Instructional Planning
- Classroom Instruction
- Parent, School and Community
- Tiered Support.

Since becoming a Schoolwide is intended to improve the entire educational system, chosen Indicators should align with KESA, Redesign, MTSS, or any other school improvement efforts.

Homeless/McKinney-Vento (Competitive Grant)

The Education for Homeless Children and Youth program in Kansas is intended to ensure that homeless children and youth have access to the same free, appropriate public education (including public preschool education) as provided to other children and youth. Kansas and school districts should review and revise their laws and policies to eliminate barriers to the enrollment, attendance, and success in school of children and youth experiencing homelessness and provide such children and youth with the opportunity to meet the same challenging State student academic achievement standards to which all students are held. Students in homeless situations must not be separated from the mainstream school environment because of their homelessness.

<https://www.ksde.org/Default.aspx?tabid=565>

Children in Foster Care

New requirements under Title I of the ESEA, as amended by the ESSA, highlight the need to provide educational stability for children in foster care, with particular emphasis on collaboration between SEAs, LEAs, and child welfare agencies to ensure that students in foster care have the opportunity to achieve at the same high levels as their peers. These provisions emphasize the importance of limiting educational disruption by keeping children who move in foster care (due to entering the foster care system or changing placements) in their schools of origin, unless it is determined to be in their best interest to change schools. These provisions also ensure that, if it is not in their best interest to remain in their schools of origin, children in foster care are enrolled in their new schools without delay. In implementing these provisions, SEAs, LEAs, and child welfare agencies must ensure compliance with other applicable laws, such as Title VI of the Civil Rights Act of 1964 (Title VI), the Individuals with Disabilities Education Act (IDEA) and Section 504 of the Rehabilitation Act of 1973 (Section 504), among others.

Taken in totality, these provisions promote greater stability for children in foster care so that they can continue their education without disruption, maintain important relationships with peers and adults, and have the opportunity to achieve college- and career-readiness.

Title I, Part C, Migrant

Migrant families are a highly mobile population, and the migrant lifestyle creates many obstacles for migrant children. The Kansas Migrant Education Program is designed to address the unique needs of identified migrant children and their families. To achieve this purpose, the Kansas State Department of Education helps the local educational agencies by providing the following:

- Support for high-quality and comprehensive educational programs for migrant children in order to reduce the educational disruption and other problems that result from repeated moves;
- Ensure that migrant children who move among the states are not penalized in any manner by disparities among the states in curriculum, graduation requirements, and state academic content and student academic achievement standards;
- Ensure that migrant children are provided with appropriate educational services (including supportive services) that address their special needs in a coordinated and efficient manner; and
- Ensure that migrant children benefit from all state and local programs.

<https://www.ksmep.org/>

Title I, Part D, Neglected and Delinquent

Federal grant programs covered under Title I, Part D (The Prevention and Intervention Program for Children and Youth Who Are Neglected, Delinquent, or At-Risk) assist the education of certain disadvantaged children. The goals of Title I, Part D are: improving educational services for youth who are neglected, delinquent, and at-risk of involvement with the juvenile justice system so they have the opportunity to meet challenging State academic content and achievement standards; providing them with services to transition successfully from institutional settings to further schooling or employment; preventing youth from dropping out of school; and providing a support system to ensure the continued education of youth who either have dropped out or are returning from correctional facilities. Title I, Part D pursues these goals through two programs: **Subpart 1** and **Subpart 2**.

The U.S. Department of Education allocates funds to Kansas through **Subpart 1** based on the number of children and youth in State correction and youth detention facilities and the State's average per-pupil educational expenditures. Once the allocation is determined, the KSDE makes subgrants to the Department of Corrections based on their proportionate share of the State's enrollment count of children and youth who are Part D-eligible.

The U.S. Department of Education allocates funds to Kansas through **Subpart 2** based on the number of children and youth living in locally operated juvenile correction facilities (including community day programs) as of October each year. In turn, KSDE awards subgrants to eligible school districts by formula. Administrators of Title I neglected or delinquent programs in such facilities apply for funds from local school districts.

<https://www.ksde.org/Default.aspx?tabid=735>

Title II, Part A Supporting Effective Instruction

The purpose of Title IIA is to increase the academic achievement of all students by helping schools and district improve teacher and principal quality and ensure that all teachers are highly qualified.

Title II A offers districts the flexibility to design and implement a wide variety of professional development activities based upon the districts' individual needs.

<https://www.ksde.org/Default.aspx?tabid=738>

Title III, Part A Language Instruction for English Learners and Immigrant Students

Under the Every Student Succeeds Act (ESSA) the purpose of Title III is to provide funding to support services designed to assist and enhance Limited English Proficient (LEP) students, ages 3-21, in learning English and meeting the challenging State academic content and student academic achievement standards.

For districts that generate the \$10,000 threshold for Title III monies, an application for a Title III subgrant is submitted to the Kansas State Department of Education (KSDE). Districts that don't qualify on their own, but have a minimum of 10 LEP students, may enter into a consortium with other LEAs and/or Regional Service Centers to qualify for Title III funds. The fiscal agent of that consortium submits the Title III application to KSDE.

Title III, Part A, authorizes special subgrants to districts with a significant increase in the percent or number of immigrant students enrolled in a district to pay for activities that provide enhanced opportunities for immigrant children or youth. "Immigrant" is defined as a student who is between the ages of three and 21, was not born in any U.S. state, and has not been attending one or more schools in any one or more states for more than three full academic years.

<https://www.ksde.org/Default.aspx?tabid=737>

ESOL/Bilingual State Funding

The English for Speakers of Other Languages (ESOL) and Bilingual state funding program is designed to help off-set the cost Kansas school districts incur in their efforts to educate LEP students. ESOL services should provide students with the academic and social language they need to succeed in their educational pursuits.

ESOL funds must be utilized for improving the instruction for LEP students.

ESOL services may be delivered in conjunction with other State or Federal programs (e.g., Title I, Migrant, At-Risk, or community social services.)

<https://www.ksde.org/Default.aspx?tabid=737>

Title IV, Part A, Student Support and Academic Enrichment

Title IV, Part A, Student Support and Academic Enrichment grants should foster a safe and healthy learning environment that promotes student academic achievement. This grant authorizes subgrants to districts for funds to be used in three areas: Activities to Support Well-Rounded Educational Opportunities (section 4107), Safe and Supportive Learning Environments, (section 4108), and Activities to Support the Effective Use of Technology (section 4109). Districts receiving \$30,000 or more are required to use a needs assessment to determine spending. Districts receiving over \$30,000 must spend at least 20% of the funds in both Well-Rounded Educational Opportunities and Safe and Supportive Learning Environments, and some funding in Effective Use of Technology. All districts may only use 15% of the amount in Effective Use of Technology towards infrastructure.

<https://www.ksde.org/Default.aspx?tabid=792>

Title IV, Part B, 21st Century Community Learning Centers (Competitive Grant)

The purpose of 21st Century Community Learning Centers Program is to provide opportunities for communities to establish or expand activities in community learning centers that:

- Provide opportunities for academic enrichment, including providing tutorial services to help students, particularly students who attend low-performing schools, to meet the challenging State academic standards;
- Offer students a broad array of additional services, programs and activities, such as youth development activities, service learning, nutrition and health education, drug and violence prevention programs, counseling programs, arts, music, physical fitness and wellness programs, technology education programs, financial literacy programs, environmental literacy programs, mathematics, science, career and technical programs, internship or apprenticeship programs and other ties to in-demand industry sector or occupations for high school students that are designed to reinforce and complement the regular academic program of participating students; and
- Offer families of students served by community learning centers opportunities for active and meaningful engagement in their children's education, including opportunities for literacy and related educational development.

<https://www.ksde.org/Default.aspx?tabid=740>

Title V, Rural Education Achievement Program

The Rural Education Achievement Program (REAP) is designed to address the unique needs of rural school districts that frequently lack the personnel and resources needed to compete effectively for Federal competitive grants and receive formula grant allocations in amounts too small to be effective in meeting their intended purpose. REAP is comprised of three parts:

- REAP-Flex, which provides flexibility to eligible rural districts to use specific Federal formula funds to support activities under an array of Federal programs in order to assist them in addressing local academic needs more effectively.
- Small, Rural School Achievement Program, which authorizes formula grant awards directly to eligible rural districts to maintain a wide range of local activities that support student achievement.
- Rural and Low-Income School Program, which authorizes formula grant awards to eligible districts to maintain a wide range of local activities that support student achievement.
- SRSA grants are awarded directly from the USDE and RLIS grants are awarded by KSDE.

<https://www.ksde.org/Default.aspx?tabid=652>

Kansas At-Risk (K-12)

The intent of the At-Risk Pupil Assistance Program is to provide “additional educational opportunities” which are educational services offered to at-risk students that are above and beyond what is offered to all students.

At-risk students can be defined by one or more criteria. Predominantly, a student who is not working on grade level in either reading or mathematics is the major criteria used.

An at-risk student is one who meets one or more of the following criteria:

- is not working on academic grade level;
- is not meeting the requirements necessary for promotion to the next grade; is failing subjects or courses of study;
- is not meeting the requirements necessary for graduation from high school. (e.g., potential dropout);
- has insufficient mastery of skills or is not meeting state standards;
- has been retained;
- has a high rate of absenteeism;
- has repeated suspensions or expulsions from school;
- is homeless and/or migrant; and/or
- is identified as an English Language Learner; and/or
- has social emotional needs that cause a student to be unsuccessful in school.

<https://www.ksde.org/Default.aspx?tabid=429>

Kansas school districts must spend their K-12 State At-Risk funding on evidence-based practices and evidence-based programs for instruction. Please see the link below for details on evidence-based practices and programs. Districts will annually report these practices and programs at the end of the year on the K-12 State At-Risk section of the Annual Report.

Title Director Support

Tips for New Title Directors

1. Visit the KSDE Title and LCP websites.
<https://www.ksde.org/Default.aspx?tabid=564><https://www.ksde.org/Default.aspx?tabid=574>
2. Review your district's most recently approved components of the Local Consolidated Plan (LCP) System found in the Authenticated Applications on the KSDE website. LCP System components include: Consortium Assignment, Application, Annual Report, Revision and Carryover, Final Expenditure Report, and Carryover Final Expenditure Report.
<https://apps.ksde.org/authentication/login.aspx>
3. Review the State report cards for your district and its schools for the most recent year.
<https://ksreportcard.ksde.org/>
4. Visit your Title schools often. Familiarize yourself with their improvement plans and procedures for student selection, service delivery models, parent/guardian involvement, and staff certification requirements.
5. Visit any private schools that may be participating in Title programs and any local institutions or homes receiving Title I funds for neglected or delinquent youth. Familiarize yourself with the services being provided by the district for those students.
6. Read your district's policies governing parent/family involvement, data collection and use, professional development, and the dissemination of annual notices to parents (e.g., Report Cards and Parents' Right-to-Know).

Hints for Organization and Record Keeping

1. Use this handbook and other resources to develop a calendar and process for collecting information and data throughout the year to ensure compliance and program quality.
2. Set up your files using the KSDE KIAS Title Self-Assessment as an organizational framework. Keep documents that will serve as evidence for each area.
<https://www.ksde.org/Default.aspx?tabid=572>
3. Maintain updated lists of students served in Targeted Assistance programs, including criteria by which students were selected, date of entry into program, date of exit, and reason for exit (e.g., academic exit, moved, dropped by parent request). Schools and districts should maintain records pertaining to federal programs for a minimum of five years.
4. Keep current copies of Schoolwide program plans on file. All Schoolwide plans will be moved to the KansaStar platform during the 2019-2020 school year.

Activities

1. Make sure your LCP contact information for the KSDE is kept up-to-date by district personnel. This information is entered into a database at the KSDE that is used for various mailings.
 - <https://www.ksde.org/Portals/0/Title/LCP/LCP-ContactInfo.pdf>
2. Consider taking advantage of the U.S. Department of Education's Title I Director listserv.
<https://www2.ed.gov/programs/titleiparta/titleilocalistserv.html>
3. Attend Title I technical assistance sessions and participate in other activities related to Title I matters.
<https://www.ksde.org/Default.aspx?tabid=574>

Title Program Updates

On a regular basis, the KSDE emails updates to all Title Program directors aimed at district staff responsible for overseeing district Title Programs. The goal of these updates is to provide you with both timely reminders of Title Program related responsibilities and guidance to help you meet those responsibilities.

Fiscal Procedures

Overview

Title I funds, allocated on an annual basis, are intended to provide supplemental funds for targeted services for needy students that add to the resources already available for such students; as such, federal funds must not replace local and state funds for these purposes. As part of a state or federal audit, local officials may be required to provide evidence that Title I funds are provided over and above the resources that would normally be provided.

Maintenance of Effort: Districts are required to demonstrate that the level of state and local funding remains relatively constant from year to year in order to receive the district's full Title I allocation. This calculation is performed by the KSDE School Finance team.

Comparability of Services: Districts are required to use district funds to provide educational services in Title I schools that are comparable to the services provided in non-Title I schools.

Supplement, Not Supplant: To ensure that funds made available under Title I, Part A are used to provide services that are in addition to the regular services normally provided by a school district for participating children, the district must use these funds to supplement, not supplant regular non-Federal funds.

LCP Application: Districts typically receive notice of their final Title allocations in June or July each year. Instructions and resources can be found on the KSDE website. <https://www.ksde.org/Default.aspx?tabid=676>

LCP Final Expenditure Report: The district submits the Final Expenditure Report to the KSDE, accounting for the expenditure of funds received. <https://www.ksde.org/Default.aspx?tabid=676>

Carryover Funds: Under ESSA, if a district receives more than \$50,000 in Title I funds, no more than 15 percent of the Title I, Part A funds allocated to a district for any fiscal year may be carried over into the next fiscal year. <https://www.ksde.org/Default.aspx?tabid=676>

Budget Amendments: Throughout the year, the district may file budget amendments to ensure resources are allocated to support student achievement. <https://www.ksde.org/Default.aspx?tabid=676>

Parent/Family Engagement

Overview

Involving parents and families as full partners in the education of their children is a cornerstone of ESEA. When families support learning, children are more successful in school and school success helps children become successful adults. The district provides opportunities for parents/families to be actively involved in the planning, implementation, and review of school and district Title programs. Districts must develop and maintain a written school and district Parental Involvement Policy, which should be re-evaluated annually with input from parents/families of participating children.

Parent/Family Notifications: Districts receiving Title I funds prepare and disseminate annual Report Cards for the district and each of its schools containing certain information related to assessment, accountability, and teacher quality. Moreover, the district annually notifies the parents/families of each student attending any Title I school that they may request information regarding certain professional qualifications of the student's classroom teachers. Districts must also notify parents/families when their child has been assigned or has been taught for four or more consecutive weeks by a teacher who is not state certified.

District and School Parent Involvement Activities: Districts and schools must involve parents/families of students served by Title I funds in a Targeted Assistance program. In a Schoolwide program, the parents/families of all students in the school must be involved. <https://www.ksde.org/Default.aspx?tabid=741>.

Districts and schools should refer to the PTA National Standards when developing the district/school policies on parent/family engagement.

Program Design and Evaluation

Overview

The Title I director ensures that each Title I program in the district is focused on high quality, standards-based teaching and learning for public school and eligible private school students. Through the provision of supports for teachers and students in Targeted Assistance and Schoolwide programs, and the collection of data on the efficacy and impact of those supports, the Title I director helps ensure enriched learning experiences for Title I eligible students.

Needs Assessment and Program Evaluation: The term "needs assessment" describes the systematic processes that a district and its schools conduct in order to establish priorities for action and to make appropriate decisions about the allocation of resources (e.g., people, materials, time, and fiscal). Program evaluations are conducted at the end of a program year and are intended to measure the efficacy and impact of the district's Title I program.

Schoolwide Plans and Targeted Assistance Program Plans: A Targeted Assistance program is one in which individual students in a school are targeted to receive Title I services, while a Schoolwide program permits an eligible school to use Title I funds in combination with State and local resources and most other federal education program funds to upgrade the entire educational program of the school. In both programs, school staff meets on an ongoing basis to monitor and evaluate the effectiveness of the programs and adjust them to changing student needs.

Early Childhood Center Coordination: A schoolwide program must include plans for assisting preschool children in the transition from early childhood programs. Targeted assistance programs must coordinate with and support the school's regular education program, which may include services to assist preschool children in the transition from early childhood programs. <https://www.ksde.org/Default.aspx?tabid=514>

Evidence-based best practices: ESSA and the Kansas Legislature requires states and districts to implement programs and practices with a proven track record of improving student academic achievement. Resources can be found at the Kansas Technical Assistance System Network (TASN) website <https://ksdetasn.org/> and <https://www.ksde.org/Default.aspx?tabid=748>

Data Collection and Management

Overview

Title I funds are intended to provide supplemental funds for targeted services for needy students that add to the resources already available for such students; as such, federal funds must not replace local and state funds for these purposes. As part of a state or federal audit, local officials may be required to provide evidence that Title I funds are provided over and above the resources that would normally be provided.

Time and Effort Records: School districts are required to maintain auditable "time and effort" documentation that shows how each Title I employee spent his or her compensated time. <https://www.ksde.org/Default.aspx?tabid=675>

Student Selection Criteria: Each district must have a procedure outlining the process used in Targeted Assistance schools to identify students failing, or most at-risk of failing to meet the State's challenging student academic achievement standards. Identification is based on multiple, educationally related objective criteria established by the district and supplemented by the school.

Title Data: The KSDE is required to collect certain information and data from all districts receiving Title funds on an annual basis.

Title I Personnel Lists: Districts must maintain a list of all Title I instructional personnel in the district. <https://www.ksde.org/Default.aspx?tabid=812>

Title I Program Review: Every three years, each school district in the State is scheduled for a KIAS Monitoring Review of state and federal programs. This review helps ensure that all children in Kansas have a fair, equal, and significant opportunity to obtain a high-quality education. <https://www.ksde.org/Default.aspx?tabid=572>

Non-Public Schools

Overview

Districts are required to provide eligible children attending private elementary and secondary schools, their teachers, and their families with Title I services or other benefits, such as professional development, parent/family involvement, or materials and supplies (on loan from the public schools) that are equitable to those provided to eligible public school children, their teachers and their families. Districts should work with the KSDE Private School Ombudsman when questions arise.

Local Consolidated Plan (LCP) Application Assurances

CONSOLIDATED APPLICATION FOR FEDERAL ASSISTANCE UNDER THE EVERY STUDENT SUCCEEDS ACT OF 2015 (ESSA)

- Title IA: Improving Basic Programs Operated by State and Local Educational Agencies
- Title IC: Education of Migratory Children
- Title IIA: Supporting Effective Instruction
- Title IIIA: Language Instruction for English Learners and Immigrant Students
- Title IVA: Student Support and Academic Enrichment Grants
- Title IXA: Education for the Homeless

AND THE FOLLOWING STATE PROGRAMS:

State ESOL

State K-12 At-Risk

Assurances

The programs proposed herein will be administered in accordance with all applicable statutes, regulations, program plans and applications:

- the control of funds provided under each such program and title to property acquired with programs will be in a public agency;
- the public agency will administer such funds and property to the extent required by authorizing statutes.

The applicant will adopt and use proper methods of administering these programs including:

- the enforcement of any obligations imposed by law on agencies, institutions, organizations, and other recipients responsible for carrying out each program; and
- the correction of deficiencies in program operations that are identified through audits, monitoring or evaluation.

Funds will be used to supplement, not supplant, state and local funds that in the absence of those funds, would otherwise be spent for activities authorized by the programs in this application.

The applicant will cooperate in carrying out any evaluation of each such program conducted by or for the State Educational Agency (SEA), the Secretary or other federal officials.

The applicant will use such fiscal control and accounting procedures to ensure proper disbursement of, and accounting for federal funds paid to the applicant under each program.

The applicant will make reports to the SEA as may be necessary to enable the SEA to perform the SEA's duties under each such program.

The applicant will maintain such records, provide such information and afford access to the records as the SEA or the Secretary may find necessary to carry out the SEA's or the Secretary's duties.

The applicant will ensure that equitable participation of nonpublic participants (if any) will be provided. The applicant will consult with officials of nonpublic schools in a meaningful and timely manner, provide nonpublic participants genuine access to equitable services and equal expenditure of funds in accordance with section 1117.

The applicant will afford a reasonable opportunity for public comment on the plan and consider such comment before the plan is submitted to the SEA.

The applicant will comply with all requirements of the ESEA programs included in their consolidated applications, whether or not the program statute identifies these requirements as a description or assurance that LEAs would have addressed, absent

this consolidated application, in a program-specific plan.

The applicant will comply with the use of evidence-based programs, evidence-based practices, and evidence-based instruction in applicable programs.

The applicant will comply with P.L. 101-226 "Americans with Disabilities Act."

Title I, Part A Program Specific Assurances

The applicant will ensure that migratory children and formerly migratory children who are eligible to receive services under this part are selected to receive such services on the same basis as other children who are selected to receive services under this part.

The applicant will work in consultation with schools as they develop plans and activities for parental involvement and professional development under sections 1118 and 1119.

The applicant will participate, if selected, in the State National Assessment of Educational Progress in 4th and 8th grade reading and mathematics.

The applicant will coordinate and integrate services provided under this part with other educational services at the local education agency (LEA) or individual school level, such as services for English learners, children with disabilities, migratory children, American Indian, Alaska Native, and Native Hawaiian children, and homeless children and youths, in order to increase program effectiveness, eliminate duplication, and reduce fragmentation of the instructional program.

The applicant will collaborate with the State or local child welfare agency to:

- designate a point of contact if the corresponding child welfare agency notifies the LEA, in writing, that the agency has designated an employee to serve as a point of contact for the LEA; and
- by not later than 1 year after the date of enactment of the Every Student Succeeds Act, develop and implement clear written procedures governing how transportation to maintain children in foster care in their school of origin when in their best interest will be provided, arranged, and funded for the duration of the time in foster care, which procedures shall:
 - ensure that children in foster care needing transportation to the school of origin will promptly receive transportation in a cost-effective manner and in accordance with section 475(4)(A) of the Social Security Act (42 U.S.C. 675(4)(A)); and
 - ensure that, if there are additional costs incurred in providing transportation to maintain children in foster care in their schools of origin, the LEA will provide transportation to the school of origin if:
 - the local child welfare agency agrees to reimburse the LEA for the cost of such transportation;
 - the LEA agrees to pay for the cost of such transportation; or
 - the LEA and the local child welfare agency agree to share the cost of such transportation.

The applicant will implement the Title I educational stability requirements for children in foster care, including ensuring that:

- a child in foster care remains in his or her school of origin, unless it is determined that remaining in the school of origin is not in that child's best interest;
- if it is not in the child's best interest to stay in his or her school of origin, the child is immediately enrolled in the new school even if the child is unable to produce records normally required for enrollment; and
- the new (enrolling) school immediately contacts the school of origin to obtain relevant academic and other records (ESEA section 1111(g)(1)(E)(i)-(iii)).

The applicant will ensure that all teachers and paraprofessionals working in a program supported with funds under this part meet applicable State certification and licensure requirements, including any requirements for certification obtained through alternative routes to certification.

The applicant will inform eligible schools and parents of schoolwide program authority and the ability of such schools to consolidate funds from Federal, State, and local sources.

The applicant will provide technical assistance and support to schoolwide programs.

If a LEA chooses to use funds under this part to provide early childhood development services to low-income children below the age of compulsory school attendance, the applicant will ensure that such services comply with the performance standards established under section 641A(a) of the Head Start Act (42 U.S.C. 9836a(a)).

The applicant will inform eligible schools of the local educational agency's authority to obtain waivers on the school's behalf under Title IX and, if the State is an Ed-Flex Partnership State, to obtain waivers under the Education Flexibility Partnership Act of 1999.

At the beginning of each school year, a LEA that receives funds under this part shall notify the parents of each student attending any school receiving funds under this part that the parents may request, and the LEA will provide the parents on request (and in a timely manner), information regarding the professional qualifications of the student's classroom teachers, including at a minimum the following:

- whether the student's teacher has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
- whether the student's teacher is teaching under emergency or other provisional status through which State qualifications have been waived;
- whether the student's teacher is teaching in the field of discipline of the certification of the teacher; and
- whether the child is provided services by paraprofessionals and, if so, their qualifications.

A school that receives funds under this part shall provide to each individual parent of a child who is a student in such school, with respect to such student:

- information on the level of achievement and academic growth of the student, if applicable and available, on each of the State academic assessments required under this part; and
- timely notice that the student has been assigned, or has been taught for 4 or more consecutive weeks by a teacher who does not meet applicable State certification or licensure requirements at the grade level and subject area in which the teacher has been assigned.

At the beginning of each school year, a LEA that receives funds under this part shall notify the parents of each student attending any school receiving funds under this part that the parents may request, and the LEA will provide the parents on request (an in a timely manner), information regarding student participation in any assessments mandated by sections 1111(b)(2) and by the State or LEA, which shall include a policy, procedure, or parental right to opt the child out of such assessment, where applicable.

Each LEA that receives funds under this part shall make widely available through public means (including by posting in a clear and easily accessible manner on the LEA's website and, where practicable, on the website of each school served by the LEA) for each grade served by the LEA, information on each assessment required by the State to comply with section 1111, other assessments required by the State, and where such information is available and feasible to report, assessments required districtwide by the LEA, including:

- the subject matter assessed;
- the purpose for which the assessment is designed and used;
- the source of the requirement for the assessment; and
- where such information is available
 - the amount of time students will spend taking the assessment, and the schedule for the assessment; and
 - the time and format for disseminating results.

Each LEA using funds under this part or Title III, Part A to provide a language instruction educational program as determined under Title III shall, not later than 30 days after the beginning of the school year, inform parents of an English learner identified for participation or participating in such a program of:

- the reasons for the identification of their child as an English learner and in need of placement in a language instruction educational program;

- the child's level of English proficiency, how such level was assessed, and the status of the child's academic achievement;
- the methods of instruction used in the program in which their child is, or will be, participating and the methods of instruction used in other available programs, including how such programs differ in content, instructional goals, and the use of English and a native language in instruction;
- how the program in which their child is, or will be, participating will meet the educational strengths and needs of their child;
- how such program will specifically help their child learn English and meet age-appropriate academic achievement standards for grade promotion and graduation;
- the specific exit requirements for the program, including the expected rate of transition from such program into classrooms that are not tailored for English learners, and the expected rate of graduation from high school (including four-year adjusted cohort graduation rates and extended-year adjusted cohort graduation rates for such program) if funds under this part are used for children in high schools;
- in the case of a child with a disability, how such program meets the objectives of the individualized education program of the child, as described in section 614(d) of the Individuals with Disabilities Education Act (20 U.S.C. 1414(d)); and
- information pertaining to parental rights that includes written guidance:
 - detailing the right that parents have to have their child immediately removed from such program upon their request;
 - detailing the options that parents have to decline to enroll their child in such program or to choose another program or method of instruction, if available; and
 - assisting parents in selecting among various programs and methods of instruction, if more than one program or method is offered by the eligible entity.

For those children who have not been identified as English learners prior to the beginning of the school year but are identified as English learners during such school year, the LEA shall notify the children's parents during the first 2 weeks of the child being placed in a language instruction education program consistent with subparagraph (A).

Each LEA receiving funds under this part shall implement an effective means of outreach (this shall include holding and sending notice of opportunities for, regular meetings for the purpose of formulating and responding to recommendations from parents of students assisted under this part or Title III) to parents of English learners to inform the parents regarding how the parents can:

- be involved in the education of their children; and
- be active participants in assisting their children to attain English proficiency, achieve at high levels within a well-rounded education, and meet the challenging State academic standards expected of all students.

The applicant will ensure that a student shall not be admitted to, or excluded from, any federally assisted education program on the basis of a surname or language-minority status.

The applicant will provide information to parents in an understandable and uniform format and, to the extent practicable, provided in a language that the parents can understand.

The applicant will ensure that the methodology used to allocate State and local funds to each school receiving assistance under Title I, Part A ensures that such school receives all of the State and local funds it would otherwise receive if it were not receiving assistance under Title I, Part A.

Title I, Part C Program Specific Assurances

Applicants receiving a migrant allocation are required to use the MSIX consolidated record for the purposes of enrollment, placement, and credit accrual as outlined in the SEA's Interconnection Agreement. Therefore, each LEA receiving a migrant allocation must have at least one staff member with an active MSIX account, trained in the use of the consolidated record.

Applicants receiving a migrant allocation are required to have a staff member trained to recruit and write Certificates of Eligibility (COEs).

Applicants receiving a migrant allocation must set aside part of their allocation to provide summer services for migrant

students.

Title II, Part A Program Specific Assurances

The applicant will ensure that all funded activities will be developed collaboratively and based on input of teachers, principals, administrators, paraprofessionals, and other school personnel.

The applicant will ensure through incentives for voluntary transfers, the provision of professional development, recruitment programs, and other effective strategies, low-income students and minority students are not taught at higher rates than other students by unqualified, out-of-field, or inexperienced teachers.

Title III, Part A Program Specific Assurances

Funds will be used to supplement, not supplant federal, state and local funds that in the absence of those funds, would otherwise be spent for activities authorized by the programs in this application.

The applicant certifies that all teachers in any language instruction educational program for limited English proficient children will be fluent in English and any other language used for instruction, including having written and oral communication skills. The applicant will ensure the program will enable children to speak, read, write, and comprehend the English language and meet state standards.

The applicant will assess the English proficiency of all children with limited English proficiency using the Kansas English Language Proficiency Assessment (KELPA2).

The applicant will base its plan on evidence-based research on teaching limited English proficient children.

The applicant will consult with teachers, researchers, school administrators and parents, and if appropriate, with education-related community groups and nonprofit organizations and institutions of higher education in developing a Title III plan. The applicant ensures it is not in violation of any state or federal law regarding education of English Learners, consistent with sections 3125 and 3126.

The applicant will, if applicable, coordinate activities and share relevant data under the plan with local Head Start and Early Head Start agencies, including migrant and seasonal Head Start agencies, and other early childhood education providers.

Title IV, Part A Program Specific Assurances

The applicant will prioritize the distribution of funds to schools served by the LEA or consortium, that:

- are among the schools with the greatest needs, as determined by such LEA or consortium;
- have the highest percentages or numbers of children counted under section 1124(c);
- are identified for comprehensive support and improvement under section 1111(c)(4)(D)(i);
- are implementing targeted support and improvement plans as described in section 1111(d)(2); or
- are identified as a persistently dangerous public elementary school under section 8532.

The applicant will comply with section 8501 (regarding equitable participation by private school children and teachers).

The applicant will use not less than 20 percent of funds received under this subpart to support one or more of the activities authorized under section 4107.

The applicant will use not less than 20 percent of funds received under this subpart to support one or more of the activities authorized under section 4108.

The applicant will use a portion of funds received under this subpart to support one or more activities under section 4109(a), including an assurance that the LEA or consortium will comply with section 4109(b).

The applicant will annually report to the SEA for inclusion in the report described in section 4104(a)(2) how funds are being used under this subpart to meet the requirements of subparagraphs (C) through (E).

Any LEA receiving an allocation under section 4105(a)(1) in an amount less than \$30,000 shall be required to provide only one of the assurances described in subparagraphs (C), (D), and (E) of subsection (e)(2).

Title IX, Part A Program Specific Assurances

The applicant will adopt policies and practices to ensure that homeless children and youths are not stigmatized or segregated on the basis of their status as homeless.

The applicant will designate an appropriate staff person, able to carry out the duties described in paragraph (6)(A), who may also be a coordinator for other Federal programs, as a local educational agency liaison for homeless children and youths. The applicant will adopt policies and practices to ensure that transportation is provided, at the request of the parent or guardian (or in the case of an unaccompanied youth, the liaison), to and from the school of origin (as determined under paragraph (3)), in accordance with the following as applicable:

- If the child or youth continues to live in the area served by the LEA in which the school of origin is located, the child's or youth's transportation to and from the school of origin shall be provided or arranged by the LEA in which the school of origin is located.
- If the child's or youth's living arrangements in the area served by the LEA of origin terminate and the child or youth, though continuing the child's or youth's education in the school of origin, begins living in an area served by another LEA, the LEA of origin and the LEA in which the child or youth is living shall agree upon a method to apportion the responsibility and costs for providing the child or youth with transportation to and from the school of origin. If the LEAs are unable to agree upon such method, the responsibility and costs for transportation shall be shared equally.

The applicant will adopt policies and practices to ensure participation by liaisons described in clause (ii) in professional development and other technical assistance activities provided pursuant to paragraphs (5) and (6) of subsection (f), as determined appropriate by the Office of the Coordinator.

Gun-Free Schools

The applicant will be in compliance with the State law requiring districts to expel from school for a period of not less than 1 year a student who is determined to have brought a firearm to a school or to have possessed a firearm at a school except that such State law allows the superintendent of the district to modify such expulsion requirement on a case-by-case basis if such modification is in writing.

The applicant will have a policy requiring referral to the criminal justice or juvenile delinquency system of any student who brings a firearm or weapon to a school served by the district.

The [certifications](#) regarding lobbying, debarment, suspension and other responsibility matters; and drug-free workplace requirements.
